BLANKET NETWORK TELEVISION LICENSE

AGREEMENT made between AMERICAN SOCIETY OF COMPOSERS, AUTHORS AND PUBLISHERS (herein referred to as "SOCIETY") and COLUMBIA BROADCASTING SYSTEM, INC., a New York corporation (herein referred to as "LICENSEE") as follows:

1. A. SOCIETY grants to LICENSEE and LICENSEE accepts for a period commencing as of January 1, 1958, and ending December 31, 1961, a license to perform publicly or to cause to be performed publicly in the United States by television broadcasting on LICENSEE'S network television programs over or through any and all of LICENSEE'S affiliated stations, non-dramatic performances of the separate musical compositions heretofore copyrighted, composed or written by those members of SOCIETY listed in Schedule "A" attached hereto (as the same may be augmented from time to time) and now or hereafter during the term hereof in the repertory of SOCIETY, or hereafter during the term hereof copyrighted, composed or written by such members of SOCIETY, or of which SOCIETY shall have the right to license such performing rights. As additional members of SOCIETY hereafter grant to SOCIETY the right to license performances by means of television broadcasting, such additional members will be added to those listed in Schedule "A" as of the date upon which SOCIETY acquires such rights.

E1043

B. So long as LICENSEE shall fully perform each and all of its obligations hereunder, SOCIETY will not interfere with the transmission of LICENSEE'S network television programs to television broadcasting stations located in countries outside the United States; but nothing herein contained shall be deemed to grant to any television broadcasting station outside the United States the right to perform the compositions licensed hereunder, it being understood that such foreign stations must obtain licenses from the owners of the performing rights in the country in which such foreign stations are located.

C. This license does not extend to or include the public performance by television broadcasting or otherwise of any rendition or performance of (a) any opera, operetta, musical comedy, play or like production, as such, in whole or in part, or (b) any composition from any opera, operetta, musical comedy, play or like production (whether or not such opera, operetta, musical comedy, play or like production was presented on the stage or in motion picture form) in a manner which recreates the performance of such composition with substantially such distinctive scenery or costume as was used in the presentation of such opera, operetta, musical comedy, play or like production (whether or not such opera, operetta, musical comedy, play or like production was presented on the stage or in motion picture

E1044

form); provided, however, that the rights granted to LICENSEE under this agreement shall be deemed to include a grant of the right to make non-dramatic performances of compositions licensed hereunder by the television broadcasting of a motion picture containing such compositions if the rights in such motion picture other than those licensed under this agreement have been obtained from the parties in interest.

Nothing herein contained shall be deemed to license the public performance by television broadcasting of dramatic performances. Any performance of a separate musical composition which is not a dramatic performance, as defined herein, shall be deemed to be a non-dramatic performance. For the purposes of this agreement, a dramatic performance shall mean a performance of a musical composition on a television program in which there is a definite plot depicted by action and where the performance of the musical composition is woven into and carries forward the plot and its accompanying action. The use of dialogue to establish a mere program format or the use of any non-dramatic device merely to introduce a performance of a composition shall not be deemed to make such performance dramatic.

The definition of the terms "dramatic" and "non-dramatic" performances contained in this Sub-

paragraph "C" are purely for the purposes of this agreement and for the term thereof and shall not be binding upon or prejudicial to any position taken by either of the parties subsequent to the expiration thereof or for any purpose other than this agreement.

D. Except as expressly herein otherwise provided, nothing herein contained shall be construed as authorizing LICENSEE to grant to others any right to reproduce or perform publicly for profit by any means, method or process whatsoever, any of the musical compositions licensed hereunder or as authorizing any receiver of any television broadcast to perform publicly or reproduce the same for profit, by any means, method or process whatsoever.

E. "The United States" as used in this agreement shall be deemed to include its territories, dependencies and possessions during the term hereof, including but not limited to Puerto Rico, Alaska, Hawaii, Virgin Islands and the Canal Zone. To the extent that and so long as SOCIETY has and directly exercises the right to license the non-dramatic public performance of musical compositions by television broadcasting in the Republic of the Philippines, the term "The United States" as used in this agreement shall include such Republic.

2. A. No license is hereby granted to broadcast programs over any station unless such broadcast is

5

E1046

given on such station as part of a network television program of LICENSEE. LICENSEE agrees to furnish to SOCIETY upon the execution of this agreement a list of all LICENSEE'S affiliated stations and to furnish on or before the tenth day of each month additional lists showing all LICENSEE'S affiliated stations as of the last day of the preceding month.

B. "Network television program" as used in this agreement shall be deemed to mean a program, whether or not such program shall include visual material, broadcast over two or more of LICENSEE'S affiliated stations simultaneously or by so-called "delayed" or "repeat" broadcasts (sometimes known as "rebroadcasts"). A network television program of LICENSEE may be originated at or by any affiliated station broadcasting such network television program regardless of the manner, means, or method of such origination. LICENSEE'S network television programs may also so originate in any place other than at such stations whether or not such other place is licensed to perform publicly for profit the compositions licensed hereunder, but nothing herein contained shall be deemed to grant a license to such place itself (or to the parties responsible for the performance therein) for the public performance for profit in such place of any such compositions.

C. "LICENSEE'S affiliated stations" or "affiliated stations" as used in this agreement shall be deemed to mean all television broadcasting stations in the United States which regularly broadcast LICENSEE'S network television programs or which appear on LICENSEE'S network television rate cards and which (a) are interconnected with LICENSEE'S television network by co-axial cable, wire, television relay or any other means whatsoever, or (b) pending the availability of such means of interconnecting the stations with the network at an expenditure which is not unreasonable in comparison with the cost of interconnecting LICENSEE's other affiliated stations, are parties to non-interconnected affiliation agreements with LICENSEE. Such stations shall only be deemed to be affiliated stations so long as they regularly broadcast such programs or appear on such rate cards, as the case may be. All television broadcasting stations in the United States which are owned and operated by LICENSEE and which broadcast LICENSEE'S network television programs shall be deemed to be affiliated stations for the purposes of this agreement, whether or not they appear on LICENSEE'S network television rate cards.

D. "LICENSEE'S occasional affiliated stations" as used in this agreement shall be deemed to mean television broadcasting stations not on LICENSEE'S television network rate cards to which LICENSEE only supplies network commercial television programs on the specific request of sponsors or to which LICENSEE only

E1048

supplies occasional network sustaining television programs of such national or public scope as a Presidential address or inauguration, addresses by internationally prominent governmental officials, a Eucharistic Congress, the launching of a battleship, or other sustaining television programs of equal public importance in the public interest, and such stations shall be deemed to be affiliated stations of LICENSEE solely for the purpose of such network commercial television programs or such occasional network sustaining television programs, as the case may be, and shall not be deemed affiliated with LICENSEE for any other purpose.

3. A. LICENSEE agrees to furnish to SOCIETY during the term of this agreement a list of all musical compositions (or, at the option of LICENSEE, a list of all musical compositions licensed hereunder) broadcast on network television programs of LICENSEE, showing the stations over which such programs are broadcast, the title of each composition and the composer and author thereof, and a brief notation of the scenery and costumes used.

B. At the request of SOCIETY, LICENSEE will furnish to SOCIETY the dialogue, if any, used in specified programs. SOCIETY will only ask for dialogue where it is reasonably necessary for its purposes. In cases where dialogue is only available in recorded form it will be sufficient for LICENSEES to permit SOCIETY to

E1049

screen the recording. When the dialogue is available in written form in any of the cities where SOCIETY has an office and it is inconvenient for LICENSEE to make an additional copy, it will be sufficient if LICENSEE permits a representative of SOCIETY to examine the file copy of the dialogue at LICENSEE'S office. LICENSEE will have no obligation to furnish SOCIETY with dialogue in cases where it does not have within its control either a written or recorded version of the dialogue.

C. With respect to motion pictures broadcast on network television programs of LICENSEE, LICENSEE'S obligations under Sub-paragraphs "A" and "B" of this Paragraph "3" shall be deemed to have been complied with if LICENSEE shall identify the picture for SOCIETY by its title, the name of the producer where available, and the copyright notice contained therein where available, and shall show the stations over which such programs are broadcast. If SOCIETY does not have a music cue sheet for such picture, and LICENSEE does have such a sheet, LICENSEE shall make such music cue sheet available to SOCIETY for examination at SOCIETY'S request and SOCIETY shall return such sheet to LICENSEE promptly.

D. The provisions of Sub-paragraphs "B" and "C" of this Paragraph "3" shall not limit LICENSEE'S obligation to cooperate with SOCIETY in connection with any claim, demand or action referred to on Paragraph "9A" of this agreement.

E1050

4. A. The members of SOCIETY shall have the right, at any time and from time to time, in good faith, to restrict the television broadcasting of compositions from musical comedies, operas, operettas and motion pictures, or any other composition being excessively broadcast, only for the purpose of preventing harmful effect upon such musical comedies, operas, operettas, motion pictures or compositions, in respect of other interests under the copyrights thereof; provided, however, that the maximum number of compositions which may be at any time restricted shall not exceed 750 and moreover that limited licenses will be granted upon application to SOCIETY entirely free of additional charge as to restricted compositions. if and when the copyright owners thereof are unable to show reasonable hazards to their major interests likely to result from such television broadcasting; and provided further that such right to restrict any such composition shall not be exercised for the purpose of permitting the fixing or regulating of fees for the recording or transcribing of such composition; and provided further that in no case shall any charges, "free plugs", or other consideration be required in respect of any permission granted to perform a restricted composition; and provided further that in no event shall any composition, after the initial television broadcast thereof, be restricted for the

E1051

purpose of confining further television broadcasts thereof to a particular artist, station, network or program.

B. SOCIETY reserves the further right, at any time and from time to time, in good faith, to restrict the television broadcasting of any compositions, over and above the number specified in the previous paragraph, only as to which any suit has been brought or threatened on a claim that such composition infringes a composition not contained in the repertory of SOCIETY or on a claim by a non-member of SOCIETY or by a member not listed in Schedule "A", as the same may be augmented from time to time, that SOCIETY does not have the right to license the public performance of such composition by television broadcasting.

5. A. In consideration of the license herein granted, LICENSEE agrees to pay to SOCIETY the following:

- a. SUSTAINING FEE: For each calendar month during the term hereof a sum of TWELVE AND 50/100 DOLLARS (\$12.50) for each of LICENSEE'S affiliated stations. No sustaining fee will be paid hereunder for LICENSEE'S occasional affiliated stations.
- b. COMMERCIAL FEE: In addition, a sum equal

E1052

to 2-1/2% of its "net receipts from sponsors after deductions".

B. The term "net receipts from sponsors" as used in this agreement shall be deemed to mean the gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs, as defined herein, less any advertising agency commission not to exceed 15% actually allowed to a recognized advertising agency not owned or controlled by LICENSEE, or, in the case of co-operative programs, by the affiliated station allowing such commission.

C. The term "net receipts from sponsors after deductions" as used in this agreement shall be deemed to mean net receipts from sponsors, less the sum of the following deductions:

a. The amount paid by LICENSEE to the American Telephone and Telegraph Company, or any other common carrier, for the facilities used by LICENSEE at any time during the term hereof in interconnecting LICENSEE'S affiliated stations (other than its occasional affiliated stations to which LICENSEE supplies occasional network sustaining television programs) for the purpose of broadcasting network television programs. In the event that LICENSEE obtains facilities for the inter-

E1053

connection of such affiliated stations for such purpose from any source other than the American Telephone and Telegraph Company or any other common carrier, then the cost to LICENSEE of such other facilities shall likewise be deductible. In the event that LICENSEE supplies its own facilities for the interconnection of such affiliated stations for such purpose, then the cost to LICENSEE of furnishing and operating such facilities shall likewise be deductible, but in no event shall such deduction exceed the amount which would have been deductible if common carrier facilities had been used for such purpose.

b. The actual cost of raw stock and processing of recordings of LICENSEE'S network television programs by so-called kinescope recordings (or other means used for the same purpose) for the purpose of furnishing such recordings to affiliated stations within the scope of the authorization contained in the letter attached as Exhibit "5" to the Network Letter, and of transporting such recordings to affiliated stations, less any amounts paid by such affiliated stations to LICENSEE for such recordings.

c. A sales commission on the net receipts from sponsors equal to 15% of such net receipts.

E1054

D. The term "gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs" as used in this agreement shall be deemed to mean all payments made (whether in money or in any other form) by or on behalf of the sponsor of each program for the use of LICENSEE'S television broadcasting facilities for all such network television programs, after deducting only rate card discounts, quantity and/or frequency, actually allowed, and whether such payment shall have been made directly to LICENSEE or to any other persons, firms or corporations. Where merchandise, services or any thing or service of value is received in lieu of cash consideration for the use of LICENSEE'S network television broadcasting facilities, the same shall be described and the reasonable value thereof determined and accounting made to SOCIETY upon the same basis as if a regular billing had been made by LICENSEE therefor in a sum equal to such reasonable value which in no event shall be deemed to exceed LICENSEE'S prevailing published card rate for such television broadcasting facilities.

E. No payment shall be required hereunder with respect to bona fide charges for the use of facil-

E1055

ities furnished by LICENSEE to sponsors other than for time on the air, as such, provided:

a. that such charges are itemized separately when billed to the sponsors or their advertising agencies; and

b. that such charges are in addition to LICENSEE'S published applicable card rate (less applicable rate card discounts, quantity and/or frequency, actually allowed) for the use of LICENSEE'S television broadcasting facilities (i. e., time on the air) for the actual broadcast.

For the purpose of this Sub-paragraph "E", there shall be included in the term "LICENSEE'S published applicable card rate (less applicable rate card discounts, quantity and/or frequency, actually allowed) for the use of LICENSEE'S television broadcasting facilities (i. e., time on the air) for the actual broadcast" charges for facilities normally required at LICENSEE'S television network as a bona fide minimum for the television broadcast of a live studio program or a film program, as the case may be, excluding bona fide charges for rehearsal provided that they comply with the requirements of subdivisions "a" and "b" of this Sub-paragraph "E".

F. a. Co-operative programs are programs

E1056

which are furnished by LICENSEE to its affiliated stations under an arrangement permitting an affiliate to broadcast such programs on a sustaining basis or on a commercial basis under the sponsorship of a local, regional or national advertiser contracting directly with such affiliated station or its representative for the incorporation of the commercial credits of such advertiser into the program as broadcast by such affiliated station. For the purposes of this agreement only, and without prejudice to the position of SOCIETY or LICENSEE or of its affiliated stations as to the status of co-operative programs under SOCIETY'S non-visual broadcasting licenses, such co-operative television programs of LICENSEE shall be deemed to be LICENSEE'S network television programs covered by this agreement.

b. In the case of co-operative television programs the term "gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs" as used in this agreement shall be deemed to mean the aggregate of the rate card rates therefor applicable to each of the particular sponsors (local, regional or national, as the case may be) and to the periods occupied by co-operative programs at the respective affiliated stations where such programs

016800

E1057

are commercially sponsored, after deducting only rate card discounts, quantity and/or frequency, actually allowed, except that in the case of package sales of time and talent combined, the rate card discounts, quantity and/or frequency, to be deducted from the rate card rates shall be those applicable, in accordance with such affiliate's rate card, to each of the particular sponsors (local, regional or national, as the case may be) to whom such package sales are made and to the periods occupied by such co-operative programs at the respective affiliated stations where the programs which are the subject of such package sales are commercially sponsored, as certified to LICENSEE by such respective affiliates.

c. LICENSEE agrees that a condition of its supplying co-operative programs to any affiliated station with the right to sell such co-operative programs locally shall be that SOCIETY'S right to audit the books of such affiliated station under any local television agreement between SOCIETY and such affiliated station shall be deemed to extend to the matters specified in subdivision "b" of this Sub-paragraph "F" and any advertising agency commission deducted in accordance with the provisions of Sub-paragraph "B" of this Paragraph "5" with respect to such affiliated station in connection

E1058

with LICENSEE'S co-operative programs. In the event that such audit establishes that any certification by any affiliated station pursuant to subdivision "b" of this Sub-paragraph "F", or to Sub-paragraph "B" of this Paragraph "5", is incorrect, the amounts paid SOCIETY by LICENSEE based upon such certification shall be correspondingly adjusted, but no such adjustment shall be made as to broadcasts made more than thirty (30) months prior to receipt of notice from SOCIETY that a discrepancy exists between the amounts paid and payable hereunder with respect to such broadcasts.

G. No payment shall be required hereunder with respect to any sums received from political network television programs of LICENSEE, nor shall any payment be required with respect to broadcasts of LICENSEE'S network television programs over or through stations located outside the United States, and such foreign stations are not hereby granted any right to perform the compositions licensed hereunder.

H. No payment shall be required hereunder with respect to a network commercial television program of LICENSEE presented by a motion picture or by transcription if a license has been granted by SOCIETY (as distinguished from its members) at the

- But if

E1059

source to perform on such network commercial television program by means of such motion picture or by such transcription, as the case may be, the musical compositions embodied therein.

I. If any network television program of LICENSEE produced solely for broadcasting purposes is presented in a studio, auditorium or hall where an audience is admitted free of charge, or where the entire admittance charge is paid to an eleemosynary institution which shall request a gratuitous license from SOCIETY, no additional royalties or fees shall be charged by reason of the presence of such audience.

6. A. As to SUSTAINING FEE, LICENSEE shall on the twentieth day of each month during the term of this agreement pay to SOCIETY the monthly SUSTAINING FEE payable by LICENSEE to SOCIETY hereunder and such payments shall be accompanied by statements setting forth the basis upon which the computation is made.

B. As to COMMERCIAL FEE, LICENSEE shall render monthly statements to SOCIETY on or before the twentieth day of each month covering the period of the preceding calendar month, on forms supplied gratis by SOCIETY, with respect to all gross amounts paid for the use of television broadcasting

E1060

facilities for LICENSEE'S network television programs, and also showing all deductions in order to arrive at "net receipts from sponsors" and "net receipts from sponsors after deductions" as herein provided, without exception, and the percentage thereof payable to SOCIETY, which statements shall be accompanied by remittance due SOCIETY under the terms hereof.

C. Accountings and payments shall be made on a billing basis, with a right of deduction or rebate for bad accounts and discounts allowed or rebates paid. All billings made subsequent to the termination of this agreement with respect to network television broadcasts made during the term hereof shall be accounted for by LICENSEE as and when such billings are made by LICENSEE.

7. SOCIETY shall have the right, by its duly authorized representatives, at any time during customary business hours, to examine the books and records of account of LICENSEE only to such extent as may be necessary to verify any statement of accounting required pursuant hereto. SOCIETY shall consider all data and information coming to its attention as a result of any such examination of books and records as completely and entirely confidential.

8. Upon any breach or default by LICENSEE of

E1061

any terms herein confirmed relating to the reports, accountings or payments required to be made by LICENSEE, SOCIETY may give LICENSEE thirty (30) days' notice in writing to cure such breach or default, and in the event that such breach or default has not been cured within said thirty (30) days, SOCIETY may then promptly terminate this license.

9. A. SOCIETY agrees to indemnify, save and hold LICENSEE, its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them harmless, and defend LICENSEE, its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them from and against any claim, demand or suit that may be made or brought against them or any of them with respect to performances given on LICENSEE'S network television programs during the term hereof in accordance with this license of (a) "cleared compositions", or (b) musical compositions heretofore copyrighted, composed or written by members of SOCIETY listed in Schedule "A" as augmented from time to time and now or hereafter during the term hereof in the repertory of SOCIETY, or (c) musical compositions hereafter during the term hereof copyrighted, composed or written by such members of SOCIETY, or (d) musical compositions which SOCIETY shall hereafter certify

E1062

in writing to LICENSEE as musical compositions copyrighted, composed or written by such members of SOCIETY and included in SOCIETY'S repertory for the purposes of this agreement, or (e) musical compositions "deemed to be included in the repertory of SOCIETY" in accordance with the provisions of Sub-paragraph "C" of this Paragraph "9". In the event of the service upon LICENSEE of any notice, process, paper or pleading under which a claim, demand or action is made or begun against LICENSEE on account of any such matter as is hereinabove referred to, LICENSEE shall promptly give SOCIETY written notice thereof and simultaneously therewith deliver to SOCIETY any such notice, process, paper or pleading, or a copy thereof, and SOCIETY at its own expense shall have sole charge of the defense of any such action or proceeding. LICENSEE, however, shall have the right to engage counsel of its own, at its own expense, who may participate in the defense of any such action or proceeding and with whom counsel for SOCIETY shall cooperate. LICENSEE shall cooperate with SOCIETY in every way in the defense of any such action or proceeding, and in any appeals that may be taken from any judgments or orders entered therein, and shall execute all pleadings, bonds or other instruments, but at the sole expense of SOCIETY, that may be required in order properly to defend and resist

E1063

any such action or proceeding, and prosecute any appeals taken therein. In the event of the service upon LICENSEE of any notice, process, paper or pleading under which a claim, demand or action is made or begun against LICENSEE on account of the performance on LICENSEE'S network television programs of any musical composition (other than a "cleared composition") contained in the repertory of SOCIETY but not heretofore or hereafter during the term hereof copyrighted, composed or written by members of SOCIETY and not certified by SOCIETY as a musical composition copyrighted, composed or written by members of SOCIETY, SOCIETY agrees at the request of LICENSEE to cooperate with and assist LICENSEE in the defense of any such action or proceeding, and in any appeals that LICENSEE may elect to take from any judgments or orders entered therein.

B. As used in this Paragraph "9", a "cleared composition" shall mean any composition in the repertory of SOCIETY, not copyrighted, composed or written by a member of SOCIETY, which SOCIETY shall have notified LICENSEE is a composition with respect to which SOCIETY is willing to indemnify LICENSEE, provided that the performance of such composition shall be made on the specific network television program of LICENSEE for which a clear-

016807

E1064

ance shall have been given by SOCIETY; provided further, however, that in the event that SOCIETY notifies LICENSEE in writing that it is willing to clear such a composition without limitation to a specific program, such composition shall thereafter be regarded as a "cleared composition" until such time as SOCIETY shall rescind such clearance.

C. For the purpose of this Paragraph "9" only, any musical composition (other than a musical composition or group of musical compositions expressly excepted therefrom or that may be restricted because of the operation of Paragraph "4" hereof) which is listed in

(a) the perforated sheets known as the "ASCAP Index" previously furnished by SOCIETY to LICENSEE, or

(b) the bound volume entitled "ASCAP Index 1952", or

(c) the bound volume entitled "ASCAP Supplement Index 1954",

as the same may have been revised heretofore or as the same may hereafter be revised, as a musical composition heretofore copyrighted by a present member of SOCIETY listed in Schedule "A" as such list of present members may be augmented from time to time shall be deemed to be included in the repertory of SOCIETY. SOCIETY

E1065

shall have the right to make reasonable revisions in such Indices from time to time, provided, however, that no such revision and no exception referred to above shall be effective as to any broadcast of LICENSEE'S network programs made, or delayed or repeat broadcasts thereof scheduled, prior to the date on which LICENSEE shall have received notice of such revision or exception. Nothing in this Sub-paragraph "C" shall be deemed to limit LICENSEE'S rights or to limit or affect LICENSEE'S obligations to pay the license fees payable under this agreement or to limit SOCIETY'S obligations to indemnify as provided in Sub-paragraph "A" of this Paragraph "9".

D. The provisions contained in this Paragraph "9" shall apply to LICENSEE'S affiliated stations, sponsors and their advertising agencies, and its or their artists, as to LICENSEE'S network television programs with the same effect as if in each instance there had been added to "LICENSEE" the words "its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them."

10. SOCIETY agrees during the term hereof to maintain for the service of LICENSEE substantially SOCIETY'S present repertory of compositions copyrighted, composed or written by present members of SOCIETY, list-

E1066

ed in Schedule "A" as such list of present members may be augmented from time to time. In case there shall be a substantial diminution, by reason of action by SOCIETY or any such members, in the use which LICENSEE may make of compositions copyrighted, composed or written by such members of SOCIETY as compared to the use which LICENSEE customarily has been permitted to make of such compositions prior to the actual execution of this agreement or in case there shall be a substantial diminution in SOCIETY'S present repertory of compositions copyrighted, composed or written by present members of SOCIETY listed in Schedule "A" as such list of present members may be augmented from time to time, LICENSEE may give SOCIETY thirty (30) days' notice in writing to cure such substantial diminution. In the event that such substantial diminution in use or repertory has not been cured within said thirty (30) days, LICENSEE may then promptly terminate this agreement. If LICENSEE does not so terminate, LICENSEE shall have the right to obtain a reduction, as hereinafter provided, in the percentage payable on its "net receipts from sponsors after deductions" proportionate to such substantial diminution in use or repertory.

In the event that (a) such a substantial diminution in use or repertory shall have occurred and LICENSEE

E1067

shall have notified SOCIETY thereof, and (b) SOCIETY shall not have cured such diminution within thirty (30) days thereafter, and (c) SOCIETY and LICENSEE shall be unable to agree within such thirty (30) days either as to the existence of such a diminution as would justify a decrease in the license fees payable hereunder or as to the appropriate reduction in the percentage payable on LICENSEE'S "net receipts from sponsors after deductions" by reason of such diminution, and (d) LICENSEE shall not have terminated this agreement as herein provided, the controversy shall be determined by arbitration as herein provided.

In the event that such a substantial diminution in use or repertory shall have been determined to exist as herein provided and thereafter SOCIETY shall have cured such diminution, SOCIETY shall have the right to obtain, as herein provided, the restoration of any reduction theretofore made in the license fees payable under this agreement by reason of such diminution. In the event that SOCIETY shall notify LICENSEE that in SOCIETY'S opinion any substantial diminution in use or repertory shall have been cured and within thirty (30) days thereafter SOCIETY and LICENSEE shall be unable to agree as to whether or not such diminution shall have been cured, the controversy shall be determined by arbitration as herein provided.

E1068
016811

Any award of the arbitrators with respect to any controversy submitted to arbitration under this Paragraph "10" and reducing or restoring the percentage payable by LICENSEE hereunder shall be effective as of whichever shall be the later of (a) the date on which LICENSEE or SOCIETY, as the case may be, shall have given the other notice of such substantial diminution in use or repertory or the curing thereof, or (b) the date, if any, which the arbitrators shall specify as the date on which such diminution occurred or was cured.

In case any controversy is to be determined by arbitration as provided above, such arbitration shall be conducted under and pursuant to the laws of the State of New York, in accordance with the provisions of Paragraph "11" hereof.

In case the arbitrators shall determine that there has been such a substantial diminution in use or repertory and shall make an award reducing the percentage payable by LICENSEE on its "net receipts from sponsors after deductions", the reduction in such percentage payable by LICENSEE made by such award shall in no event be greater than the participation in such percentage payments of the publisher member or members of SOCIETY whose catalogue or catalogues shall have been the subject of such

016812

substantial diminution in use or repertory. The participation of such publisher member or members in such percentage payments made by LICENSEE hereunder shall be deemed to be the same percentage of such payments by LICENSEE as the percentage which such publisher member's or members' income from SOCIETY in respect of television distribution for the year immediately preceding shall bear to the entire distribution of royalties in respect of television by SOCIETY to all of its publisher members during such year.

11. In the event that during the term of this agreement there is to be determined by arbitration hereunder whether there has been such a substantial diminution in use or repertory and, if so, the percentage by which the license fees payable hereunder shall be reduced by the reason thereof, or whether a substantial diminution has been cured, as the case may be, as provided in Paragraph "10", each party shall on written notice to the other appoint an arbitrator within two (2) weeks after the expiration of the applicable thirty (30) day period specified in Paragraph "10" hereof.

In the event that within ten (10) days after the giving of such notice by one party, the other shall not by written notice appoint another arbitrator, then upon

the written request of either party (or both, the person who is at the time performing the functions of President of the American Arbitration Association shall appoint the second arbitrator. When two arbitrators have been appointed they shall, if possible, agree upon a third arbitrator and shall appoint him by notice in writing, in triplicate, signed by both of them, one of which triplicate notices shall be given to each party hereto. If ten (10) days shall elapse after the appointment of the second arbitrator without notice of the appointment of the third arbitrator having been given, then upon the written request of either party (or both) the person who is at the time performing the functions of President of the American Arbitration Association shall appoint the third arbitrator. Upon appointment of the third arbitrator the three arbitrators shall hold a hearing and give opportunity to each party hereto to present his case in the presence of the other, and shall then make their award determining the license fees which shall be paid by LICENSEE to SOCIETY, taking into consideration all applicable factors which tend to determine whether there has been such a substantial diminution and, if so, the extent thereof and the percentage by which the license fees payable hereunder shall be reduced by

reason thereof, or whether a substantial diminution has been cured, as the case may be, as provided in Paragraph "10". The arbitration shall be conducted in accordance with the rules of the American Arbitration Association then in effect.

The award of the majority of the arbitrators shall be binding upon the parties hereto, judgment may be entered thereon in any court having jurisdiction, and this agreement shall be deemed to be modified accordingly. Such award shall include the fixing of the expenses of the arbitration, which shall be borne equally by both parties.

12. In the event of any major interference with the operations of LICENSEE'S television network due to governmental measures or restrictions, LICENSEE shall have the right to terminate this agreement upon seven (7) days' notice.

13. All notices required or permitted to be given by either of the parties to the other hereunder shall be duly and properly given if mailed to such other party by registered United States mail addressed to such other party at its main office for the transaction of business.

14. This agreement shall enure to the benefit

of and shall be binding upon the parties hereto and their respective successors and assigns, but no assignment shall relieve the parties hereto of their respective obligations hereunder as to performances broadcast, acts done and obligations incurred prior to the effective date of the assignment.

IN WITNESS WHEREOF, this agreement has been duly executed by SOCIETY and LICENSEE this 10th day of January, 1958, as of the 1st day of January, 1958.

(NETWORK LETTER)

To Columbia Broadcasting System, Inc.
New York City

This letter is being executed simultaneously with a network television license agreement between us of even date and shall be deemed to be a part thereof.

I. The requirement of Paragraph "3 A" of such agreement that you list the compositions broadcast on network television programs and the stations over which network television programs are broadcast shall be deemed to have been complied with by your continuing to furnish to us the same types of reports as you have furnished under the present non-visual broadcasting agreements between us.

Without affecting the provisions of Paragraph "3 C" the requirement of Paragraph "3 A" with respect to a brief notation of scenery and costumes shall be deemed to have been complied with if you furnish us a notation with respect thereto similar to the forms hereto attached as Exhibits "1", "2", "3" and "4".

II. Referring to Paragraph "4 A". which provides that a maximum of 750 compositions may be restricted for the purposes therein set forth, SOCIETY agrees that it will use its best efforts to keep the number of compositions on the restricted list down to a minimum, and if possible, substan-

tially below the figure of 750. The practices with reference to the restriction of compositions followed under the present non-visual broadcasting license agreements between us shall be applicable to such network television license agreement. The practices with respect to any composition withdrawn as a result of any revision of the Indices shall be the same in respect of prior notice and effective date as the practices with reference to the restriction of compositions.

III. SOCIETY agrees not to enter into, recognize as valid, or perform any performing license agreement which shall result in discriminating in price or terms between LICENSEE and other licensees similarly situated unless it first offers to modify this agreement to conform to the prices and terms of such agreement with such other licensees and gives LICENSEE ample opportunity to accept such modification provided, however, that differentials based upon applicable business factors which justify different prices or terms shall not be considered discriminations within the meaning of this Paragraph "III"; and provided further that, if as a result of a judicial decision or arbitration award fixing different prices or terms than those provided for in said agreement between us of even date, a performing license agreement in accordance therewith shall be entered into between SOCIETY and any other network television broadcaster similarly situated at such different prices or

terms, then the judicial decision or arbitration award determining such prices and terms shall be binding only upon the parties to the proceeding in which such decision or award is made, and SOCIETY shall not be required to offer such prices and terms to LICENSEE; and provided further, that if such decision or award shall result in the grant by SOCIETY to such other network television broadcaster of a broader license (i.e., a license providing for a wider scope of use or lesser restrictions thereon) than that provided for in said agreement between us of even date, then such broader license shall be made available to LICENSEE upon the terms and conditions provided for in such decision or award, except that in such event the license fee payable by LICENSEE to SOCIETY shall be that which is payable under Paragraph "5" of said agreement between us of even date, or that which is fixed in such decision or award whichever shall be higher.

IV. SOCIETY agrees in connection with the publishers' letters accompanying the Blanket Network Television Licenses to request and to use its best endeavors to obtain extensions of such grants for the period from January 1, 1958 to December 31, 1961, in the form attached hereto as Exhibit "5".

Very truly yours,

We refer to the network television music performing rights license agreements which are about to be entered into between you and the American Society of Composers, Authors and Publishers (hereinafter called "SOCIETY"). We both recognize that delayed and repeat broadcasts (i.e., broadcasts over certain affiliated stations subsequent to the original broadcast) of network television programs are often necessitated by time differentials and other circumstances such as unavailability of facilities, conflicting program schedules, etc. Also, the coaxial cables connecting television stations are still in the early stages of development, and it is not now -- and may not be for several years -- possible to connect by cable all of the television stations affiliated with the several networks. Consequently, you have asked the publisher members of SOCIETY to grant you the right to make and cause to be made kinescope recordings under certain specified conditions, as hereinafter set forth, and you have stated that the grant of such right is a condition precedent to your executing the aforementioned license agreements with SOCIETY.

Accordingly, we hereby grant you, during the entire term of such license agreements (that is, until December 31, 1961) or until the date of prior termination of such license agreements, and without the payment of any fees, the following rights:

(a) To make or cause to be made simultaneously with any original broadcast consisting (1) of live performances or (2) of live performances accompanied in part by other material, of any of your network television programs containing performances of musical compositions

(1) licensed under the aforementioned license agreements, and

(ii) now or hereafter owned or controlled by us,

recordings of such program, as broadcast, for the limited purposes set forth in sub-paragraph (b) below; and

E1081

(b) To use such recordings or cause the same to be used (i) for reference, file and private audition purposes, (ii) for making one broadcast (delayed or repeat) over each of such of your affiliated network television stations (including company-owned stations) as did not broadcast the program simultaneously with the original broadcast, provided that such broadcast is made within a period of 60 days after the date of such original broadcast, and provided further that any such delayed or repeat broadcasts shall not be made for any purpose other than to complete the network broadcast of such program, and (iii) for making a "trailer" or excerpt utilizing a portion of any such recording not exceeding two minutes in duration, to be broadcast by television over your television network and any of your affiliated stations (including company-owned stations) for the purpose of advertising and promoting the broadcast over your television network and such respective stations of the program series of which the recorded broadcast shall be a part, provided that no such trailer or excerpt shall be broadcast subsequent to the broadcast of the last program in such series during the term of such license agreements.

It is also recognized that on some occasions scheduled original network broadcasts may be pre-recorded for one time use in lieu of live broadcast. Accordingly we hereby grant you during the term provided for above, the following rights:

(a) To make or cause to be made in advance of any of your scheduled original network broadcasts consisting (1) of live performances or (2) of live performances accompanied in part by other material, of any such scheduled original network television program containing performances of musical compositions

(i) licensed under the aforementioned license agreements, and

(ii) now or hereafter owned or controlled by us,

recordings of such program, as scheduled expressly for such original network broadcast, for the limited purposes set forth in sub-paragraph (b) below; and

(b) To use such recordings or cause the same to be used

E1082

(1) for making one network television broadcast over your television network and

(11) for making one broadcast (delayed or repeat) over each of such of your affiliated network television stations (including company-owned stations) as did not broadcast the program simultaneously with the original broadcast of such pre-recorded program, provided that such broadcast is made within a period of 60 days after the date of such original broadcast, and provided further that any such delayed or repeat broadcasts shall not be made for any purpose other than to complete the network broadcast of such programs, and

(111) for making a "trailer" or excerpt utilizing a portion of any such recording not exceeding two minutes in duration, to be broadcast by television over your television network and any of your affiliated stations (including company-owned stations) for the purpose of advertising and promoting the broadcast over your television network and such respective stations of the program series of which the recorded broadcast shall be a part, provided that no such trailer or excerpt shall be broadcast subsequent to the broadcast of the last program in such series during the term of such license agreements,

provided, in the case of recordings of material other than live performances, this grant shall not be deemed to modify, alter, or suspend in any way limitations existing with respect to the material so recorded.

Very truly yours,

EXHIBIT I

This grant does not extend to or authorize Society to license the public performance by television broadcasting of any rendition or performance of any original musical composition written by the undersigned especially for a specific performing artist for inclusion in his or her personal repertory, or written by the undersigned especially for use as part of a revue, or written by the undersigned especially as an integral part of the entertainment (as distinguished from the commercial) portion of a specific television program as long as such musical composition

(1) is and remains unpublished;

(2) is not recorded on phonograph records (other than as part of an album of such artist, revue or television program recorded by substantially those artists or members of the cast of such revue or television program), library transcription, or upon film or otherwise other than a recording on either (a) a simultaneous film or other recording of a live television broadcast for reference, file, or audition purposes, or for delayed or repeat broadcast purposes, or (b) a pre-recording upon film or otherwise of a program prepared for a network television broadcast; and

(3) so long as (a) no licenses are granted by the undersigned or with his concurrence to any other television broadcaster to publicly perform for profit such musical composition other than as part of a performance by such artist if such composition was written by the undersigned especially for such artist for inclusion in his or her personal repertory, or (b) no licenses are granted to any television broadcaster to publicly perform for profit such musical composition other than as such an integral part of the entertainment portion of the television program or revue for which it was originally written, or as an integral part of another television program for which it is especially adapted to constitute an integral part or of a self-contained sketch or part of such program.

unless the undersigned shall expressly authorize Society to grant such license.

Notwithstanding the foregoing, performances of such individual compositions by the specific performing artist for whom the said composition was especially written for inclusion in his or her personal repertory and in connection with acknowledged imitations of such performing artist, are included in this grant and are not subject to the foregoing limitations.

The undersigned shall within thirty days from the date hereof, furnish to the Society a list of the musical compositions heretofore written or composed by the undersigned to which the terms of this proviso are applicable. The undersigned further agrees that with respect to any such musical composition which may be written hereafter for such purposes, he shall give notice to the Society that the said terms are applicable to said composition, and such terms shall be deemed applicable to such composition fourteen days from and after the giving of such notice.

The foregoing limitations on this grant are made to enable individual dealing by the member with respect to the subject matter of such limitations, it being understood that if such rights are to be licensed collectively, the foregoing limitations on this grant shall not apply.

The undersigned agrees that compositions of the undersigned which are subject to the foregoing limitations may be included by Society in its repertory for all purposes not in conflict with, and subject to such limitations.

AGREEMENT made between AMERICAN SOCIETY OF COMPOSERS, AUTHORS AND PUBLISHERS (herein referred to as "SOCIETY") and COLUMBIA BROADCASTING SYSTEM, INC. a New York corporation (herein referred to as "LICENSEE") as follows:

WHEREAS:

1. SOCIETY and LICENSEE (collectively, "the parties") entered into a certain written Blanket Network Television License Agreement dated the 10th day of January 1958, as of the first day of January 1958, which expired on December 31, 1961 ("the 1958 Agreement"),
2. On December 23, 1961, LICENSEE applied to SOCIETY for a license to perform the musical compositions in SOCIETY'S repertory on its network television programs for the period commencing January 1, 1962 and continuing through December 31, 1966;
3. On March 5, 1962, LICENSEE applied to the United States District Court for the Southern District of New York for the determination of a reasonable fee for such a license from the SOCIETY;
4. On March 5, 1962, an order was entered in said proceeding pursuant to which LICENSEE was granted an interim license on the same terms and conditions as are contained in the 1958 Agreement, subject to further order of the Court,
5. On October 29, 1964, LICENSEE, NBC and ABC (the networks) agreed with SOCIETY to enter into a new network television license agreement for a period expiring December 31, 1969, on the same basic terms as the 1958 Agreement, except that for the period commencing January 1, 1964

a. the rate applicable to "net receipts from sponsors after deductions" was to be reduced by 20% with respect to that part of such receipts which was in excess of such receipts in the year 1963 (the base year), and

b. agreement was to be reached on a clarification of the method of reporting in light of present conditions which was to be arrived at through negotiations between SOCIETY and the networks, or if such agreement was not reached by December 31, 1964, the item was to be referred to Judge Ryan for resolution,-- the agreement being more fully set forth in a report made to the Court on December 17, 1965, after SOCIETY and LICENSEE had negotiated in good faith for more than a year in an attempt to resolve the differences between the parties;

6. On January 6, 1966, the parties agreed on payments for the past and on a basis of payment for the years through December 31, 1969, with the understanding that such basis of payment as expressed for the period January 1, 1966 through December 31, 1969 shall apply for those years only and shall not be binding upon or prejudicial to any position taken by either of the parties for years subsequent to the termination of the agreement;

NOW THEREFORE the parties hereby agree:

1. A. SOCIETY grants to LICENSEE and LICENSEE accepts for a period commencing as of January 1, 1966, and ending December 31, 1969, a license to perform publicly or to cause to be performed publicly in the United States by television broadcasting on LICENSEE'S

network television programs over or through any and all of LICENSEE'S affiliated stations, non-dramatic performances of the separate musical compositions heretofore copyrighted, composed or written by those members of SOCIETY listed in Schedule "A" attached hereto (as the same may be augmented from time to time) and now or hereafter during the term hereof in the repertory of SOCIETY, or hereafter during the term hereof copyrighted, composed or written by such members of SOCIETY, or of which SOCIETY shall have such performing rights. As additional members of SOCIETY hereafter grant to SOCIETY the right to license performances by means of television broadcasting, such additional members will be added to those listed in Schedule "A" as of the date upon which SOCIETY acquires such rights.

B. The license referred to in subparagraph "1.A." shall be upon all of the terms and conditions of "the 1958 Agreement", except for the provisions relating to fees.

2. A. In consideration of the license herein granted, LICENSEE agrees to pay to SOCIETY the following amounts:

<u>FOR THE YEAR</u>	<u>COMMERCIAL FEE</u>	<u>SUSTAINING FEE</u>
1966	\$4,730,000	\$30,000
1967	5,020,000	30,000
1968	5,320,000	30,000
1969	5,650,000	30,000

B. Payment of the respective annual amounts set forth above shall be made in twelve equal installments, on or before the 20th day of each month covering the period of the preceding calendar month, with the last payment (for the month of December 1969) to be made on or before January 20, 1970.

C. Co-operative programs are programs which are furnished by LICENSEE to its affiliated stations under an arrangement permitting an affiliated station to broadcast all or part of such programs on a sustaining basis or on a commercial basis under which such affiliated station contracts directly (or through a representative) with a local, regional or national advertiser for the incorporation of the commercial announcements of such advertiser into the program as broadcast by such affiliated station. Such co-operative programs of LICENSEE shall be deemed to be network programs of LICENSEE.

D. If any network television program of LICENSEE produced solely for broadcasting purposes is presented in a studio, auditorium or hall where an audience is admitted free of charge, or where the entire admittance charge is paid to an eleemosynary institution which shall request a gratuitous license from SOCIETY, no additional royalties or fees shall be charged by reason of the presence of such audience.

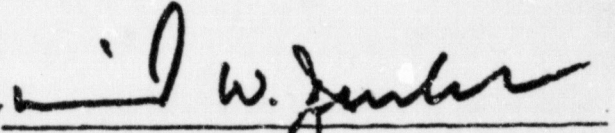

IN WITNESS WHEREOF, this agreement has been duly executed by SOCIETY and LICENSEE this 18th day of December 1969, as of the first day of January, 1966.

on January 15, 1970, together with the difference between \$5,680,000 and the amount previously paid by LICENSEE for 1969. CBS v. ASCAP

ASCAP Exhibit No. 175

ASCAP-ABC Blanket License for ABC Television
Network dated 1/10/58.

BLANKET NETWORK TELEVISION LICENSE

AGREEMENT made between AMERICAN SOCIETY OF COMPOSERS, AUTHORS AND PUBLISHERS (herein referred to as "SOCIETY") and AMERICAN BROADCASTING COMPANY (A Division of American Broadcasting-Paramount Theatres, Inc.) a New York corporation (herein referred to as "LICENSEE") as follows:

1. A. SOCIETY grants to LICENSEE and LICENSEE accepts for a period commencing as of January 1, 1958, and ending December 31, 1961, a license to perform publicly or to cause to be performed publicly in the United States by television broadcasting on LICENSEE'S network television programs over or through any and all of LICENSEE'S affiliated stations, non-dramatic performances of the separate musical compositions heretofore copyrighted, composed or written by those members of SOCIETY listed in Schedule "A" attached hereto (as the same may be augmented from time to time) and now or hereafter during the term hereof in the repertory of SOCIETY, or hereafter during the term hereof copyrighted, composed or written by such members of SOCIETY, or of which SOCIETY shall have the right to license such performing rights. As additional members of SOCIETY hereafter grant to SOCIETY the right to license performances by means of television broadcasting, such additional members will be added to those listed in Schedule "A" as of the date upon which SOCIETY acquires such rights.

B. So long as LICENSEE shall fully perform each and all of its obligations hereunder, SOCIETY will not interfere with the transmission of LICENSEE'S network television programs to television broadcasting stations located in countries outside the United States; but nothing herein contained shall be deemed to grant to any television broadcasting station outside the United States the right to perform the compositions licensed hereunder, it being understood that such foreign stations must obtain licenses from the owners of the performing rights in the country in which such foreign stations are located.

C. This license does not extend to or include the public performance by television broadcasting or otherwise of any rendition or performance of (a) any opera, operetta, musical comedy, play or like production, as such, in whole or in part, or (b) any composition from any opera, operetta, musical comedy, play or like production (whether or not such opera, operetta, musical comedy, play or like production was presented on the stage or in motion picture form) in a manner which recreates the performance of such composition with substantially such distinctive scenery or costume as was used in the presentation of such opera, operetta, musical comedy, play or like production (whether or not such opera, operetta, musical comedy, play or like production was presented on the stage or in motion picture

E1141

form); provided, however, that the rights granted to LICENSEE under this agreement shall be deemed to include a grant of the right to make non-dramatic performances of compositions licensed hereunder by the television broadcasting of a motion picture containing such compositions if the rights in such motion picture other than those licensed under this agreement have been obtained from the parties in interest.

Nothing herein contained shall be deemed to license the public performance by television broadcasting of dramatic performances. Any performance of a separate musical composition which is not a dramatic performance, as defined herein, shall be deemed to be a non-dramatic performance. For the purposes of this agreement, a dramatic performance shall mean a performance of a musical composition on a television program in which there is a definite plot depicted by action and where the performance of the musical composition is woven into and carries forward the plot and its accompanying action. The use of dialogue to establish a mere program format or the use of any non-dramatic device merely to introduce a performance of a composition shall not be deemed to make such performance dramatic.

The definition of the terms "dramatic" and "non-dramatic" performances contained in this Sub-

E1142

paragraph "C" are purely for the purposes of this agreement and for the term thereof and shall not be binding upon or prejudicial to any position taken by either of the parties subsequent to the expiration thereof or for any purpose other than this agreement.

D. Except as expressly herein otherwise provided, nothing herein contained shall be construed as authorizing LICENSEE to grant to others any right to reproduce or perform publicly for profit by any means, method or process whatsoever, any of the musical compositions licensed hereunder or as authorizing any receiver of any television broadcast to perform publicly or reproduce the same for profit, by any means, method or process whatsoever.

E. "The United States" as used in this agreement shall be deemed to include its territories, dependencies and possessions during the term hereof, including but not limited to Puerto Rico, Alaska, Hawaii, Virgin Islands and the Canal Zone. To the extent that and so long as SOCIETY has and directly exercises the right to license the non-dramatic public performance of musical compositions by television broadcasting in the Republic of the Philippines, the term "The United States" as used in this agreement shall include such Republic.

2. A. No license is hereby granted to broadcast programs over any station unless such broadcast is

E1143

given on such station as part of a network television program of LICENSEE. LICENSEE agrees to furnish to SOCIETY upon the execution of this agreement a list of all LICENSEE'S affiliated stations and to furnish on or before the tenth day of each month additional lists showing all LICENSEE'S affiliated stations as of the last day of the preceding month.

B. "Network television program" as used in this agreement shall be deemed to mean a program, whether or not such program shall include visual material, broadcast over two or more of LICENSEE'S affiliated stations simultaneously or by so-called "delayed" or "repeat" broadcasts (sometimes known as "rebroadcasts").

A network television program of LICENSEE may be originated at or by any affiliated station broadcasting such network television program regardless of the manner, means, or method of such origination. LICENSEE'S network television programs may also so originate in any place other than at such stations whether or not such other place is licensed to perform publicly for profit the compositions licensed hereunder, but nothing herein contained shall be deemed to grant a license to such place itself (or to the parties responsible for the performance therein) for the public performance for profit in such place of any such compositions.

E1144

C. "LICENSEE'S affiliated stations" or "affiliated stations" as used in this agreement shall be deemed to mean all television broadcasting stations in the United States which regularly broadcast LICENSEE'S network television programs or which appear on LICENSEE'S network television rate cards and which (a) are interconnected with LICENSEE'S television network by co-axial cable, wire, television relay or any other means whatsoever, or (b) pending the availability of such means of interconnecting the stations with the network at an expenditure which is not unreasonable in comparison with the cost of interconnecting LICENSEE's other affiliated stations, are parties to non-interconnected affiliation agreements with LICENSEE. Such stations shall only be deemed to be affiliated stations so long as they regularly broadcast such programs or appear on such rate cards, as the case may be. All television broadcasting stations in the United States which are owned and operated by LICENSEE and which broadcast LICENSEE'S network television programs shall be deemed to be affiliated stations for the purposes of this agreement, whether or not they appear on LICENSEE'S network television rate cards.

D. "LICENSEE'S occasional affiliated stations" as used in this agreement shall be deemed to mean television broadcasting stations not on LICENSEE'S television network rate cards to which LICENSEE only supplies network commercial television programs on the specific request of sponsors or to which LICENSEE only

E1145

supplies occasional network sustaining television programs of such national or public scope as a Presidential address or inauguration, addresses by internationally prominent governmental officials, a Eucharistic Congress, the launching of a battleship, or other sustaining television programs of equal public importance in the public interest, and such stations shall be deemed to be affiliated stations of LICENSEE solely for the purpose of such network commercial television programs or such occasional network sustaining television programs, as the case may be, and shall not be deemed affiliated with LICENSEE for any other purpose.

3. A. LICENSEE agrees to furnish to SOCIETY during the term of this agreement a list of all musical compositions (or, at the option of LICENSEE, a list of all musical compositions licensed hereunder) broadcast on network television programs of LICENSEE, showing the stations over which such programs are broadcast, the title of each composition and the composer and author thereof, and a brief notation of the scenery and costumes used.

B. At the request of SOCIETY, LICENSEE will furnish to SOCIETY the dialogue, if any, used in specified programs. SOCIETY will only ask for dialogue where it is reasonably necessary for its purposes. In cases where dialogue is only available in recorded form it will be sufficient for LICENSEES to permit SOCIETY to

screen the recording. When the dialogue is available in written form in any of the cities where SOCIETY has an office and it is inconvenient for LICENSEE to make an additional copy, it will be sufficient if LICENSEE permits a representative of SOCIETY to examine the file copy of the dialogue at LICENSEE'S office. LICENSEE will have no obligation to furnish SOCIETY with dialogue in cases where it does not have within its control either a written or recorded version of the dialogue.

C. With respect to motion pictures broadcast on network television programs of LICENSEE, LICENSEE'S obligations under Sub-paragraphs "A" and "B" of this Paragraph "3" shall be deemed to have been complied with if LICENSEE shall identify the picture for SOCIETY by its title, the name of the producer where available, and the copyright notice contained therein where available, and shall show the stations over which such programs are broadcast. If SOCIETY does not have a music cue sheet for such picture, and LICENSEE does have such a sheet, LICENSEE shall make such music cue sheet available to SOCIETY for examination at SOCIETY'S request and SOCIETY shall return such sheet to LICENSEE promptly.

D. The provisions of Sub-paragraphs "B" and "C" of this Paragraph "3" shall not limit LICENSEE'S obligation to cooperate with SOCIETY in connection with any claim, demand or action referred to on Paragraph "9A" of this agreement.

4. A. The members of SOCIETY shall have the right, at any time and from time to time, in good faith, to restrict the television broadcasting of compositions from musical comedies, operas, operettas and motion pictures, or any other composition being excessively broadcast, only for the purpose of preventing harmful effect upon such musical comedies, operas, operettas, motion pictures or compositions, in respect of other interests under the copyrights thereof; provided, however, that the maximum number of compositions which may be at any time thus restricted shall not exceed 750 and moreover that limited licenses will be granted upon application to SOCIETY entirely free of additional charge as to restricted compositions, if and when the copyright owners thereof are unable to show reasonable hazards to their major interests likely to result from such television broadcasting; and provided further that such right to restrict any such composition shall not be exercised for the purpose of permitting the fixing or regulating of fees for the recording or transcribing of such composition; and provided further that in no case shall any charges, "free plugs", or other consideration be required in respect of any permission granted to perform a restricted composition; and provided further that in no event shall any composition, after the initial television broadcast thereof, be restricted for the

E1148

purpose of confining further television broadcasts thereof to a particular artist, station, network or program.

B. SOCIETY reserves the further right, at any time and from time to time, in good faith, to restrict the television broadcasting of any compositions, over and above the number specified in the previous paragraph, only as to which any suit has been brought or threatened on a claim that such composition infringes a composition not contained in the repertory of SOCIETY or on a claim by a non-member of SOCIETY or by a member not listed in Schedule "A", as the same may be augmented from time to time, that SOCIETY does not have the right to license the public performance of such composition by television broadcasting.

5. A. In consideration of the license herein granted, LICENSEE agrees to pay to SOCIETY the following:

- a. SUSTAINING FEE: For each calendar month during the term hereof a sum of TWELVE AND 50/100 DOLLARS (\$12.50) for each of LICENSEE'S affiliated stations. No sustaining fee will be paid hereunder for LICENSEE'S occasional affiliated stations.
- b. COMMERCIAL FEE: In addition, a sum equal

to 2-1/2% of its "net receipts from sponsors after deductions".

B. The term "net receipts from sponsors" as used in this agreement shall be deemed to mean the gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs, as defined herein, less any advertising agency commission not to exceed 15% actually allowed to a recognized advertising agency not owned or controlled by LICENSEE, or, in the case of co-operative programs, by the affiliated station allowing such commission.

C. The term "net receipts from sponsors after deductions" as used in this agreement shall be deemed to mean net receipts from sponsors, less the sum of the following deductions:

a. The amount paid by LICENSEE to the American Telephone and Telegraph Company, or any other common carrier, for the facilities used by LICENSEE at any time during the term hereof in interconnecting LICENSEE'S affiliated stations (other than its occasional affiliated stations to which LICENSEE supplies occasional network sustaining television programs) for the purpose of broadcasting network television programs. In the event that LICENSEE obtains facilities for the inter-

E1150

connection of such affiliated stations for such purpose from any source other than the American Telephone and Telegraph Company or any other common carrier, then the cost to LICENSEE of such other facilities shall likewise be deductible. In the event that LICENSEE supplies its own facilities for the interconnection of such affiliated stations for such purpose, then the cost to LICENSEE of furnishing and operating such facilities shall likewise be deductible, but in no event shall such deduction exceed the amount which would have been deductible if common carrier facilities had been used for such purpose.

b. The actual cost of raw stock and processing of recordings of LICENSEE'S network television programs by so-called kinescope recordings (or other means used for the same purpose) for the purpose of furnishing such recordings to affiliated stations within the scope of the authorization contained in the letter attached as Exhibit "5" to the Network Letter, and of transporting such recordings to affiliated stations, less any amounts paid by such affiliated stations to LICENSEE for such recordings.

c. A sales commission on the net receipts from sponsors equal to 15% of such net receipts.

E1151

D. The term "gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs" as used in this agreement shall be deemed to mean all payments made (whether in money or in any other form) by or on behalf of the sponsor of each program for the use of LICENSEE'S television broadcasting facilities for all such network television programs, after deducting only rate card discounts, quantity and/or frequency, actually allowed, and whether such payment shall have been made directly to LICENSEE or to any other persons, firms or corporations. Where merchandise, services or any thing or service of value is received in lieu of cash consideration for the use of LICENSEE'S network television broadcasting facilities, the same shall be described and the reasonable value thereof determined and accounting made to SOCIETY upon the same basis as if a regular billing had been made by LICENSEE therefor in a sum equal to such reasonable value which in no event shall be deemed to exceed LICENSEE'S prevailing published card rate for such television broadcasting facilities.

E. No payment shall be required hereunder with respect to bona fide charges for the use of facil-

ities furnished by LICENSEE to sponsors other than for time on the air, as such, provided:

a. that such charges are itemized separately when billed to the sponsors or their advertising agencies; and

b. that such charges are in addition to LICENSEE'S published applicable card rate (less applicable rate card discounts, quantity and/or frequency, actually allowed) for the use of LICENSEE'S television broadcasting facilities (i. e., time on the air) for the actual broadcast.

For the purpose of this Sub-paragraph "E", there shall be included in the term "LICENSEE'S published applicable card rate (less applicable rate card discounts, quantity and/or frequency, actually allowed) for the use of LICENSEE'S television broadcasting facilities (i. e., time on the air) for the actual broadcast" charges for facilities normally required at LICENSEE'S television network as a bona fide minimum for the television broadcast of a live studio program or a film program, as the case may be, excluding bona fide charges for rehearsal provided that they comply with the requirements of subdivisions "a" and "b" of this Sub-paragraph "E".

F. a. Co-operative programs are programs

E1153

which are furnished by LICENSEE to its affiliated stations under an arrangement permitting an affiliate to broadcast such programs on a sustaining basis or on a commercial basis under the sponsorship of a local, regional or national advertiser contracting directly with such affiliated station or its representative for the incorporation of the commercial credits of such advertiser into the program as broadcast by such affiliated station. For the purposes of this agreement only, and without prejudice to the position of SOCIETY or LICENSEE or of its affiliated stations as to the status of co-operative programs under SOCIETY'S non-visual broadcasting licenses, such co-operative television programs of LICENSEE shall be deemed to be LICENSEE'S network television programs covered by this agreement.

b. In the case of co-operative television programs the term "gross amount paid for the use of television broadcasting facilities for LICENSEE'S network television programs" as used in this agreement shall be deemed to mean the aggregate of the rate card rates therefor applicable to each of the particular sponsors (local, regional or national, as the case may be) and to the periods occupied by co-operative programs at the respective affiliated stations where such programs

E1154

are commercially sponsored, after deducting only rate card discounts, quantity and/or frequency, actually allowed, except that in the case of package sales of time and talent combined, the rate card discounts, quantity and/or frequency, to be deducted from the rate card rates shall be those applicable, in accordance with such affiliate's rate card, to each of the particular sponsors (local, regional or national, as the case may be) to whom such package sales are made and to the periods occupied by such co-operative programs at the respective affiliated stations where the programs which are the subject of such package sales are commercially sponsored, as certified to LICENSEE by such respective affiliates.

c. LICENSEE agrees that a condition of its supplying co-operative programs to any affiliated station with the right to sell such co-operative programs locally shall be that SOCIETY'S right to audit the books of such affiliated station under any local television agreement between SOCIETY and such affiliated station shall be deemed to extend to the matters specified in subdivision "b" of this Sub-paragraph "F" and any advertising agency commission deducted in accordance with the provisions of Sub-paragraph "B" of this Paragraph "5" with respect to such affiliated station in connection

E1155

with LICENSEE'S co-operative programs. In the event that such audit establishes that any certification by any affiliated station pursuant to subdivision "b" of this Sub-paragraph "F", or to Sub-paragraph "B" of this Paragraph "5", is incorrect, the amounts paid SOCIETY by LICENSEE based upon such certification shall be correspondingly adjusted, but no such adjustment shall be made as to broadcasts made more than thirty (30) months prior to receipt of notice from SOCIETY that a discrepancy exists between the amounts paid and payable hereunder with respect to such broadcasts.

G. No payment shall be required hereunder with respect to any sums received from political network television programs of LICENSEE, nor shall any payment be required with respect to broadcasts of LICENSEE'S network television programs over or through stations located outside the United States, and such foreign stations are not hereby granted any right to perform the compositions licensed hereunder.

H. No payment shall be required hereunder with respect to a network commercial television program of LICENSEE presented by a motion picture or by transcription if a license has been granted by SOCIETY (as distinguished from its members) at the

source to perform on such network commercial television program by means of such motion picture or by such transcription, as the case may be, the musical compositions embodied therein.

I. If any network television program of LICENSEE produced solely for broadcasting purposes is presented in a studio, auditorium or hall where an audience is admitted free of charge, or where the entire admittance charge is paid to an eleemosynary institution which shall request a gratuitous license from SOCIETY, no additional royalties or fees shall be charged by reason of the presence of such audience.

6. A. As to SUSTAINING FEE, LICENSEE shall on the twentieth day of each month during the term of this agreement pay to SOCIETY the monthly SUSTAINING FEE payable by LICENSEE to SOCIETY hereunder and such payments shall be accompanied by statements setting forth the basis upon which the computation is made.

B. As to COMMERCIAL FEE, LICENSEE shall render monthly statements to SOCIETY on or before the twentieth day of each month covering the period of the preceding calendar month, on forms supplied gratis by SOCIETY, with respect to all gross amounts paid for the use of television broadcasting

E1157

facilities for LICENSEE'S network television programs, and also showing all deductions in order to arrive at "net receipts from sponsors" and "net receipts from sponsors after deductions" as herein provided, without exception, and the percentage thereof payable to SOCIETY, which statements shall be accompanied by remittance due SOCIETY under the terms hereof.

C. Accountings and payments shall be made on a billing basis, with a right of deduction or rebate for bad accounts and discounts allowed or rebates paid. All billings made subsequent to the termination of this agreement with respect to network television broadcasts made during the term hereof shall be accounted for by LICENSEE as and when such billings are made by LICENSEE.

7. SOCIETY shall have the right, by its duly authorized representatives, at any time during customary business hours, to examine the books and records of account of LICENSEE only to such extent as may be necessary to verify any statement of accounting required pursuant hereto. SOCIETY shall consider all data and information coming to its attention as a result of any such examination of books and records as completely and entirely confidential.

8. Upon any breach or default by LICENSEE of

E1158

any terms herein contained relating to the reports, accountings or payments required to be made by LICENSEE, SOCIETY may give LICENSEE thirty (30) days' notice in writing to cure such breach or default, and in the event that such breach or default has not been cured within said thirty (30) days, SOCIETY may then promptly terminate this license.

9. A. SOCIETY agrees to indemnify, save and hold LICENSEE, its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them harmless, and defend LICENSEE, its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them from and against any claim, demand or suit that may be made or brought against them or any of them with respect to performances given on LICENSEE'S network television programs during the term hereof in accordance with this license of (a) "cleared compositions", or (b) musical compositions heretofore copyrighted, composed or written by members of SOCIETY listed in Schedule "A" as augmented from time to time and now or hereafter during the term hereof in the repertory of SOCIETY, or (c) musical compositions hereafter during the term hereof copyrighted, composed or written by such members of SOCIETY, or (1) musical compositions which SOCIETY shall hereafter certify

E1159

1. writing to LICENSEE as musical compositions copyrighted, composed or written by such members of SOCIETY and included in SOCIETY'S repertory for the purposes of this agreement, or (e) musical compositions "deemed to be included in the repertory of SOCIETY" in accordance with the provisions of Sub-paragraph "C" of this Paragraph "9". In the event of the service upon LICENSEE of any notice, process, paper or pleading under which a claim, demand or action is made or begun against LICENSEE on account of any such matter as is hereinabove referred to, LICENSEE shall promptly give SOCIETY written notice thereof and simultaneously therewith deliver to SOCIETY any such notice, process, paper or pleading, or a copy thereof, and SOCIETY at its own expense shall have sole charge of the defense of any such action or proceeding. LICENSEE, however, shall have the right to engage counsel of its own, at its own expense, who may participate in the defense of any such action or proceeding and with whom counsel for SOCIETY shall cooperate. LICENSEE shall cooperate with SOCIETY in every way in the defense of any such action or proceeding, and in any appeals that may be taken from any judgments or orders entered therein, and shall execute all pleadings, bonds or other instruments, but at the sole expense of SOCIETY, that may be required in order properly to defend and resist

E1160

any such action or proceeding, and prosecute any appeals taken therein. In the event of the service upon LICENSEE of any notice, process, paper or pleading under which a claim, demand or action is made or begun against LICENSEE on account of the performance on LICENSEE'S network television programs of any musical composition (other than a "cleared composition") contained in the repertory of SOCIETY but not heretofore or hereafter during the term hereof copyrighted, composed or written by members of SOCIETY and not certified by SOCIETY as a musical composition copyrighted, composed or written by members of SOCIETY, SOCIETY agrees at the request of LICENSEE to cooperate with and assist LICENSEE in the defense of any such action or proceeding, and in any appeals that LICENSEE may elect to take from any judgments or orders entered therein.

B. As used in this Paragraph "9", a "cleared composition" shall mean any composition in the repertory of SOCIETY, not copyrighted, composed or written by a member of SOCIETY, which SOCIETY shall have notified LICENSEE is a composition with respect to which SOCIETY is willing to indemnify LICENSEE, provided that the performance of such composition shall be made on the specific network television program of LICENSEE for which a clear-

E1161

ance shall have been given by SOCIETY; provided further, however, that in the event that SOCIETY notifies LICENSEE in writing that it is willing to clear such a composition without limitation to a specific program, such composition shall thereafter be regarded as a "cleared composition" until such time as SOCIETY shall rescind such clearance.

C. For the purpose of this Paragraph "9" only, any musical composition (other than a musical composition or group of musical compositions expressly excepted therefrom or that may be restricted because of the operation of Paragraph "4" hereof) which is listed in

(a) the perforated sheets known as the "ASCAP Index" previously furnished by SOCIETY to LICENSEE, or

(b) the bound volume entitled "ASCAP Index 1952", or

(c) the bound volume entitled "ASCAP Supplement Index 1954",

as the same may have been revised heretofore or as the same may hereafter be revised, as a musical composition heretofore copyrighted by a present member of SOCIETY listed in Schedule "A" as such list of present members may be augmented from time to time shall be deemed to be included in the repertory of SOCIETY. SOCIETY

E1162

shall have the right to make reasonable revisions in such Indices from time to time, provided, however, that no such revision and no exception referred to above shall be effective as to any broadcast of LICENSEE'S network programs made, or delayed or repeat broadcasts thereof scheduled, prior to the date on which LICENSEE shall have received notice of such revision or exception. Nothing in this Sub-paragraph "C" shall be deemed to limit LICENSEE'S rights or to limit or affect LICENSEE'S obligations to pay the license fees payable under this agreement or to limit SOCIETY'S obligations to indemnify as provided in Sub-paragraph "A" of this Paragraph "9".

D. The provisions contained in this Paragraph "9" shall apply to LICENSEE'S affiliated stations, sponsors and their advertising agencies, and its or their artists, as to LICENSEE'S network television programs with the same effect as if in each instance there had been added to "LICENSEE" the words "its affiliated stations, sponsors and their advertising agencies, its and their artists, and each of them."

10. SOCIETY agrees during the term hereof to maintain for the service of LICENSEE substantially SOCIETY'S present repertory of compositions copyrighted, composed or written by present members of SOCIETY, list-

E1163

ed in Schedule "A" as such list of present members may be augmented from time to time. In case there shall be a substantial diminution, by reason of action by SOCIETY or any such members, in the use which LICENSEE may make of compositions copyrighted, composed or written by such members of SOCIETY as compared to the use which LICENSEE customarily has been permitted to make of such compositions prior to the actual execution of this agreement or in case there shall be a substantial diminution in SOCIETY'S present repertory of compositions copyrighted, composed or written by present members of SOCIETY listed in Schedule "A" as such list of present members may be augmented from time to time, LICENSEE may give SOCIETY thirty (30) days' notice in writing to cure such substantial diminution. In the event that such substantial diminution in use or repertory has not been cured within said thirty (30) days, LICENSEE may then promptly terminate this agreement. If LICENSEE does not so terminate, LICENSEE shall have the right to obtain a reduction, as hereinafter provided, in the percentage payable on its "net receipts from sponsors after deductions" proportionate to such substantial diminution in use or repertory.

In the event that (a) such a substantial diminution in use or repertory shall have occurred and LICENSEE

E1164

shall have notified SOCIETY thereof, and (b) SOCIETY shall not have cured such diminution within thirty (30) days thereafter, and (c) SOCIETY and LICENSEE shall be unable to agree within such thirty (30) days either as to the existence of such a diminution as would justify a decrease in the license fees payable hereunder or as to the appropriate reduction in the percentage payable on LICENSEE'S "net receipts from sponsors after deductions" by reason of such diminution, and (d) LICENSEE shall not have terminated this agreement as herein provided, the controversy shall be determined by arbitration as herein provided.

In the event that such a substantial diminution in use or repertory shall have been determined to exist as herein provided and thereafter SOCIETY shall have cured such diminution, SOCIETY shall have the right to obtain, as herein provided, the restoration of any reduction theretofore made in the license fees payable under this agreement by reason of such diminution. In the event that SOCIETY shall notify LICENSEE that in SOCIETY'S opinion any substantial diminution in use or repertory shall have been cured and within thirty (30) days thereafter SOCIETY and LICENSEE shall be unable to agree as to whether or not such diminution shall have been cured, the controversy shall be determined by arbitration as herein provided.

E1165

Any award of the arbitrators with respect to any controversy submitted to arbitration under this Paragraph "10" and reducing or restoring the percentage payable by LICENSEE hereunder shall be effective as of whichever shall be the later of (a) the date on which LICENSEE or SOCIETY, as the case may be, shall have given the other notice of such substantial diminution in use or repertory or the curing thereof, or (b) the date, if any, which the arbitrators shall specify as the date on which such diminution occurred or was cured.

In case any controversy is to be determined by arbitration as provided above, such arbitration shall be conducted under and pursuant to the laws of the State of New York, in accordance with the provisions of Paragraph "11" hereof.

In case the arbitrators shall determine that there has been such a substantial diminution in use or repertory and shall make an award reducing the percentage payable by LICENSEE on its "net receipts from sponsors after deductions", the reduction in such percentage payable by LICENSEE made by such award shall in no event be greater than the participation in such percentage payments of the publisher member or members of SOCIETY whose catalogue or catalogues shall have been the subject of such

E1166

substantial diminution in use or repertory. The participation of such publisher member or members in such percentage payments made by LICENSEE hereunder shall be deemed to be the same percentage of such payments by LICENSEE as the percentage which such publisher member's or members' income from SOCIETY in respect of television distribution for the year immediately preceding shall bear to the entire distribution of royalties in respect of television by SOCIETY to all of its publisher members during such year.

11. In the event that during the term of this agreement there is to be determined by arbitration hereunder whether there has been such a substantial diminution in use or repertory and, if so, the percentage by which the license fees payable hereunder shall be reduced by the reason thereof, or whether a substantial diminution has been cured, as the case may be, as provided in Paragraph "10", each party shall on written notice to the other appoint an arbitrator within two (2) weeks after the expiration of the applicable thirty (30) day period specified in Paragraph "10" hereof.

In the event that within ten (10) days after the giving of such notice by one party, the other shall not by written notice appoint another arbitrator, then upon

E1167

the written request of either party (or both) the person who is at the time performing the functions of President of the American Arbitration Association shall appoint the second arbitrator. When two arbitrators have been appointed they shall, if possible, agree upon a third arbitrator and shall appoint him by notice in writing, in triplicate, signed by both of them, one of which triplicate notices shall be given to each party hereto. If ten (10) days shall elapse after the appointment of the second arbitrator without notice of the appointment of the third arbitrator having been given, then upon the written request of either party (or both) the person who is at the time performing the functions of President of the American Arbitration Association shall appoint the third arbitrator. Upon appointment of the third arbitrator the three arbitrators shall hold a hearing and give opportunity to each party hereto to present his case in the presence of the other, and shall then make their award determining the license fees which shall be paid by LICENSEE to SOCIETY, taking into consideration all applicable factors which tend to determine whether there has been such a substantial diminution and, if so, the extent thereof and the percentage by which the license fees payable hereunder shall be reduced by

E1168

reason thereof, or whether a substantial diminution has been cured, as the case may be, as provided in Paragraph "10". The arbitration shall be conducted in accordance with the rules of the American Arbitration Association then in effect.

The award of the majority of the arbitrators shall be binding upon the parties hereto, judgment may be entered thereon in any court having jurisdiction, and this agreement shall be deemed to be modified accordingly. Such award shall include the fixing of the expenses of the arbitration, which shall be borne equally by both parties.

(NETWORK LETTER)

To American Broadcasting Company
New York City

This letter is being executed simultaneously with a network television license agreement between us of even date and shall be deemed to be a part thereof.

I. The requirement of Paragraph "3 A" of such agreement that you list the compositions broadcast on network television programs and the stations over which network television programs are broadcast shall be deemed to have been complied with by your continuing to furnish to us the same types of reports as you have furnished under the present non-visual broadcasting agreements between us.

Without affecting the provisions of Paragraph "3 C" the requirement of Paragraph "3 A" with respect to a brief notation of scenery and costumes shall be deemed to have been complied with if you furnish us a notation with respect thereto similar to the forms hereto attached as Exhibits "1", "2", "3" and "4".

II. Referring to Paragraph "4 A", which provides that a maximum of 750 compositions may be restricted for the purposes therein set forth, SOCIETY agrees that it will use its best efforts to keep the number of compositions on the restricted list down to a minimum, and if possible, substan-

E1171

tially below the figure of 750. The practices with reference to the restriction of compositions followed under the present non-visual broadcasting license agreements between us shall be applicable to such network television license agreement. The practices with respect to any composition withdrawn as a result of any revision of the Indices shall be the same in respect of prior notice and effective date as the practices with reference to the restriction of compositions.

III. SOCIETY agrees not to enter into, recognize as valid, or perform any performing license agreement which shall result in discriminating in price or terms between LICENSEE and other licensees similarly situated unless it first offers to modify this agreement to conform to the prices and terms of such agreement with such other licensees and gives LICENSEE ample opportunity to accept such modification provided, however, that differentials based upon applicable business factors which justify different prices or terms shall not be considered discriminations within the meaning of this Paragraph "III"; and provided further that, if as a result of a judicial decision or arbitration award fixing different prices or terms than those provided for in said agreement between us of even date, a performing license agreement in accordance therewith shall be entered into between SOCIETY and any other network television broadcaster similarly situated at such different prices or

terms, then the judicial decision or arbitration award determining such prices and terms shall be binding only upon the parties to the proceeding in which such decision or award is made, and SOCIETY shall not be required to offer such prices and terms to LICENSEE; and provided further, that if such decision or award shall result in the grant by SOCIETY to such other network television broadcaster of a broader license (i.e., a license providing for a wider scope of use or lesser restrictions thereon) than that provided for in said agreement between us of even date, then such broader license shall be made available to LICENSEE upon the terms and conditions provided for in such decision or award, except that in such event the license fee payable by LICENSEE to SOCIETY shall be that which is payable under Paragraph "5" of said agreement between us of even date, or that which is fixed in such decision or award whichever shall be higher.

IV. SOCIETY agrees in connection with the publishers' letters accompanying the Blanket Network Television Licenses to request and to use its best endeavors to obtain extensions of such grants for the period from January 1, 1958 to December 31, 1961, in the form attached hereto as Exhibit "5".

We refer to the network television music performing rights license agreements which are about to be entered into between you and the American Society of Composers, Authors and Publishers (hereinafter called "SOCIETY"). We both recognize that delayed and repeat broadcasts (i.e., broadcasts over certain affiliated stations subsequent to the original broadcast) of network television programs are often necessitated by time differentials and other circumstances such as unavailability of facilities, conflicting program schedules, etc. Also, the coaxial cables connecting television stations are still in the early stages of development, and it is not now -- and may not be for several years -- possible to connect by cable all of the television stations affiliated with the several networks. Consequently, you have asked the publisher members of SOCIETY to grant you the right to make and cause to be made kinescope recordings under certain specified conditions, as hereinafter set forth, and you have stated that the grant of such right is a condition precedent to your executing the aforementioned license agreements with SOCIETY.

Accordingly, we hereby grant you, during the entire term of such license agreements (that is, until December 31, 1961) or until the date of prior termination of such license agreements, and without the payment of any fees, the following rights:

(a) To make or cause to be made simultaneously with any original broadcast consisting (1) of live performances or (2) of live performances accompanied in part by other material, of any of your network television programs containing performances of musical compositions

(1) licensed under the aforementioned license agreements, and

(1i) now or hereafter owned or controlled by us,

recordings of such program, as broadcast, for the limited purposes set forth in sub-paragraph (b) below; and

(b) To use such recordings or cause the same to be used (i) for reference, file and private audition purposes, (ii) for making one broadcast (delayed or repeat) over each of such of your affiliated network television stations (including company-owned stations) as did not broadcast the program simultaneously with the original broadcast, provided that such broadcast is made within a period of 60 days after the date of such original broadcast, and provided further that any such delayed or repeat broadcasts shall not be made for any purpose other than to complete the network broadcast of such program, and (iii) for making a "trailer" or excerpt utilizing a portion of any such recording not exceeding two minutes in duration, to be broadcast by television over your television network and any of your affiliated stations (including company-owned stations) for the purpose of advertising and promoting the broadcast over your television network and such respective stations of the program series of which the recorded broadcast shall be a part, provided that no such trailer or excerpt shall be broadcast subsequent to the broadcast of the last program in such series during the term of such license agreements.

It is also recognized that on some occasions scheduled original network broadcasts may be pre-recorded for one time use in lieu of live broadcast. Accordingly we hereby grant you during the term provided for above, the following rights:

(a) To make or cause to be made in advance of any of your scheduled original network broadcasts consisting (1) of live performances or (2) of live performances accompanied in part by other material, of any such scheduled original network television program containing performances of musical compositions

(i) licensed under the aforementioned license agreements, and

(ii) now or hereafter owned or controlled by us,

recordings of such program, as scheduled expressly for such original network broadcast, for the limited purposes set forth in sub-paragraph (b) below; and

(b) To use such recordings or cause the same to be used

E1179

(1) for making one network television broadcast over your television network and

(ii) for making one broadcast (delayed or repeat) over each of such of your affiliated network television stations (including company-owned stations) as did not broadcast the program simultaneously with the original broadcast of such pre-recorded program, provided that such broadcast is made within a period of 60 days after the date of such original broadcast, and provided further that any such delayed or repeat broadcasts shall not be made for any purpose other than to complete the network broadcast of such programs, and

(iii) for making a "trailer" or excerpt utilizing a portion of any such recording not exceeding two minutes in duration, to be broadcast by television over your television network and any of your affiliated stations (including company-owned stations) for the purpose of advertising and promoting the broadcast over your television network and such respective stations of the program series of which the recorded broadcast shall be a part, provided that no such trailer or excerpt shall be broadcast subsequent to the broadcast of the last program in such series during the term of such license agreements,

provided, in the case of recordings of material other than live performances, this grant shall not be deemed to modify, alter, or suspend in any way limitations existing with respect to the material so recorded.

Very truly yours,

EXHIBIT I

This grant does not extend to or authorize Society to license the public performance by television broadcasting of any rendition or performance of any original musical composition written by the undersigned especially for a specific performing artist for inclusion in his or her personal repertory, or written by the undersigned especially for use as part of a revue, or written by the undersigned especially as an integral part of the entertainment (as distinguished from the commercial) portion of a specific television program as long as such musical composition

- (1) is and remains unpublished;
- (2) is not recorded on phonograph records (other than as part of an album of such artist, revue or television program recorded by substantial, all those artists or members of the cast of such revue or television program), library transcription, or upon film or otherwise other than a recording on either (a) a simultaneous film or other recording of a live television broadcast for reference, file, or audition purposes, or for delayed or repeat broadcast purposes, or (b) a pre-recording upon film or otherwise of a program prepared for a network television broadcast; and
- (3) so long as (a) no licenses are granted by the undersigned or with his concurrence to any other television broadcaster to publicly perform for profit such musical composition other than as part of a performance by such artist if such composition was written by the undersigned especially for such artist for inclusion in his or her personal repertory, or (b) no licenses are granted to any television broadcaster to publicly perform for profit such musical composition other than as such an integral part of the entertainment portion of the television program or revue for which it was originally written, or as an integral part of another television program for which it is especially adapted to constitute an integral part or of a self-contained sketch or part of such program.

unless the undersigned shall expressly authorize Society to grant such license.

Notwithstanding the foregoing, performances of such individual compositions by the specific performing artist for whom the said composition was especially written for inclusion in his or her personal repertory and in connection with acknowledged imitations of such performing artist, are included in this grant and are not subject to the foregoing limitations.

The undersigned shall within thirty days from the date hereof, furnish to the Society a list of the musical compositions heretofore written or composed by the undersigned to which the terms of this proviso are applicable. The undersigned further agrees that with respect to any such musical composition which may be written hereafter for such purposes, he shall give notice to the Society that the said terms are applicable to said composition, and such terms shall be deemed applicable to such composition fourteen days from and after the giving of such notice.

The foregoing limitations on this grant are made to enable individual dealing by the member with respect to the subject matter of such limitations, it being understood that if such rights are to be licensed collectively, the foregoing limitations on this grant shall not apply.

The undersigned agrees that compositions of the undersigned which are subject to the foregoing limitations may be included by Society in its repertory for all purposes not in conflict with, and subject to such limitations.

Gentlemen:

We have been advised that some publishers have issued licenses for television use of a song without first obtaining the writer's written consent thereto. Please be advised that such practices are in violation of the Uniform Popular Songwriters Contract.

May we bring to your attention paragraph 4 (k) of the 1947 Revised Uniform Popular Songwriters Contract which provides the following:

" . . . it is agreed that no licenses shall be granted without the written consent, in each instance, of the Writer for the use of the composition by means of television, or by any means, or for any purposes not commercially established, or for which licenses were not granted by the Publisher on musical compositions prior to June 1, 1937."

Thank you for your kind cooperation.

Very truly yours,

Burton Lane

ASCAP Exhibit No. 193

Contract dated November 5, 1965, between 3M and
Fred Ahlert Music Corp.

E1232

AGREEMENT made this 5th day of ~~October~~^{November}, 1965, by and between FRED AHLERT MUSIC CORP., of 15 East 48th Street, New York, New York (hereinafter referred to as "Licensor") and the DUPLICATING PRODUCTS DIVISION OF MINNESOTA MINING AND MANUFACTURING COMPANY, a Delaware corporation, of 2501 Hudson Road, St. Paul 19, Minnesota (hereinafter referred to as "3M").

1. GRANT TO 3M BY LICENSOR

A. Mechanical Rights: Licensor hereby grants to 3M the non-exclusive right throughout the United States, its territories and possessions, (hereinafter referred to as the "Territory") to arrange (provided that no arrangement shall be made which will distort or alter the basic melody of any composition), reproduce, record and/or use the musical compositions listed on Schedule A annexed hereto (hereinafter individually and jointly referred to as the "Compositions") in whole or in part, as well as the titles thereof, upon parts of instruments serving to produce and reproduce the compositions mechanically and/or electrically, and the right to manufacture, advertise, exploit, distribute and/or sell such parts of instruments throughout the Territory. (The aforesaid rights are hereinafter referred to as "mechanical right".) For purposes of this agreement, "parts of instruments" shall be limited to pre-recorded tapes (hereinafter referred to as the "Tapes") intended for sale and use only by means of a machine presently known as the M-700 or similar machines designed and/or redesigned by 3M for the purpose of providing background music (hereinafter referred to as a "Machine") and the master recordings from which the Tapes are derived. 3M shall not be required to serve or file any notice required to be served or filed by any copyright act or other

B. Public Performance Rights: Licensor hereby grant to 3M the non-exclusive rights throughout the Territory to perform publicly for profit and to authorize purchasers of the Tapes to perform publicly for profit the Compositions embodied on the Tapes by means of ^{the} Machine, but only for the purpose of non-visual background music use. (The aforesaid rights are hereinafter referred to as "public performance rights").

2. LIMITATIONS ON MECHANICAL RIGHTS AND PUBLIC PERFORMANCE RIGHTS

A. Duration: 3M agrees not to authorize any purchaser of a Tape to perform the Compositions embodied on such Tape publicly for profit for a period in excess of three (3) years after 3M, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, or six and one-half (6½) years from the commencement of the term of this agreement, whichever period is shorter.

B. Locations: The public performance of the Tapes shall be only by means of a Machine installed at the premises of each purchaser of a Tape, which premises shall be designated in writing by each purchaser. In no event shall such premises include or extend to:

- (i) any premises at which the Tapes are performed as an accompaniment to dancing, skating or other physical activity, or
- (ii) any premises to which an admission fee is charged, provided, however, that this exclusion shall apply only to the portion or portions of such premises from which the event or entertainment for which an admission fee is charged is intended to be observed or heard and shall

not be deemed to exclude any restaurant, store, or other portion of such premises for which no admission fee is charged, or

(iii) any premises in a shopping center or other complex of separate places of entertainment, residence, business or industry other than the individual premises designated in writing at the time of purchase by each purchaser, or

(iv) any premises at which the public performance of the Tapes is preceded, accompanied or followed by advertising or commercial announcements for which consideration of any kind is received by the purchaser.

C. Re-use: No purchaser of a Machine or Tapes shall rent or lease such Machine or Tapes to any other person, firm or corporation, nor shall any such purchaser re-record or duplicate by any means the Compositions embodied on the Tapes.

D. Transmission: The public performance of the Tapes shall only be audible within the premises designated by the purchaser of each Tape of the area immediately adjacent thereto, and there shall be no transmission by television or radio station, community antenna system, wire or pre-recorded tape leased to subscribers.

E. Private Use: Notwithstanding any of the foregoing limitations, it is expressly understood and agreed that there are no restrictions of any kind on the right of a purchaser of a Machine or a Tape to perform the Compositions embodied on such Tape privately within the home of such purchaser.

3. NOTICE TO PURCHASERS - BM agrees to advise the Purchaser of

each Tape of the limitations on mechanical rights and public performance rights, and of the expiration date of his public performance rights and of the fact that it is a violation of the United States Copyright Law to continue to perform the Compositions embodied on the Tape purchased by the purchaser publicly for profit after such expiration date. Each purchaser of a Tape shall acknowledge receipt of such in writing. 3M's advice and the purchaser's acknowledgment shall be substantially in the form of Exhibit B annexed hereto.

Upon the written request of Licensor and at reasonable times and intervals, 3M will make available to Licensor, at 3M's offices in St. Paul, Minnesota, the names and addresses of all purchasers of Machines and Tapes, the dates of purchase, and copies of each purchaser's acknowledgment of the limitations on mechanical rights and public performance rights. Licensor may copy such information at Licensor's expense, but only (i) for the purpose of verifying statements rendered to Licensor pursuant to Paragraph 5(D) hereof or (ii) for the purpose of gathering evidence in connection with litigation against unauthorized users of Machines and Tapes. Any information obtained by Licensor from 3M hereunder shall be used only by Licensor and only for the foregoing purposes.

4. LICENSOR'S WARRANTIES

A. General: Licensor warrants and represents that the proper exercise by 3M of the rights herein granted to 3M will not constitute a violation or infringement of any right, title or interest, including without limitation copyrights, common law rights and statutory rights, of any person, firm or corporation.

B. As to Mechanical Rights: Licensor warrants and represents that it has the right to grant the mechanical rights and that it will continue to do so for at least three (3) years after delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that 3M elects to commence distribution and sale of Tapes.

A. Mechanical Rights: Licensor hereby grants to 3M the non-exclusive right throughout the United States, its territories and possessions, (hereinafter referred to as the "Territory") to arrange (provided that no arrangement shall be made which will distort or alter the basic melody of any composition), reproduce, record and/or use the musical compositions listed on Schedule A annexed hereto (hereinafter individually and jointly referred to as the "Compositions") in whole or in part, as well as the titles thereof, upon parts of instruments serving to produce and reproduce the compositions mechanically and/or electrically, and the right to manufacture, advertise, exploit, distribute and/or sell such parts of instruments throughout the Territory. B. Public Performance Rights: Licensor hereby grants to 3M the non-exclusive rights throughout the Territory to perform publicly for profit and to authorize purchasers of the Tapes to perform publicly for profit the Compositions embodied on the Tapes by means of ^{the} Machine, but only for the purpose of non-visual background music use. 2. LIMITATIONS ON MECHANICAL RIGHTS AND PUBLIC PERFORMANCE RIGHTS

A. Duration: 3M agrees not to authorize any purchaser of a Tape to perform the Compositions embodied on such Tape publicly for profit for a period in excess of three (3) years after 3M, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, or six and one-half (6½) years from the commencement of the term of this agreement, whichever period is shorter.

Each purchaser of a Tape shall acknowledge receipt of such in writing. 3M's advice and the purchaser's acknowledgment shall be substantially in the form of Exhibit B annexed hereto.

Upon the written request of Licensor and at reasonable times and intervals, 3M will make available to Licensor, at 3M's offices in St. Paul, Minnesota, the names and addresses of all purchasers of Machines and Tapes, the dates of purchase, and copies of each purchaser's acknowledgment of the limitations on mechanical rights and public performance rights. B. Public Performance Rights: Licensor hereby grants to 3M the non-exclusive rights throughout the Territory to perform publicly for profit and to authorize purchasers of the Tapes to perform publicly for profit the Compositions embodied on the Tapes by means of a machine presently known as the M-700 or similar machines designed and/or redesigned by 3M (hereinafter referred to as the "Machine"). (The aforesaid rights are hereinafter referred to as "public performance rights".)

2. LIMITATIONS ON MECHANICAL RIGHTS AND PUBLIC PERFORMANCE RIGHTS

A. Duration: 3M agrees not to authorize any purchaser of a Tape to perform the Compositions embodied on such Tape publicly for profit for a period in excess of three (3) years after 3M, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, subject to the further limitations herein contained.

B. Locations: The public performance of the Tapes shall be only by means of a Machine installed at the premises of each purchaser of a Tape, which premises shall be designated in writing by each purchaser. In no event shall such premises include or extend to:

- (i) any premises at which the Tapes are performed as an accompaniment to dancing, skating or other physical activity, or
- (ii) any premises to which an admission fee is charged, provided, however, that this exclusion shall apply only to the portion or portions of such premises from which the event or entertainment for which an admission fee

(iii) any premises in a shopping center or other complex of separate places of entertainment, residence, business or industry other than the individual premises designated in writing at the time of purchase by each purchaser; or

(iv) any premises at which the public performance of the Tapes is preceded, accompanied or followed by advertising or commercial announcements for which consideration of any kind is received by the purchaser.

C. Re-use: No purchaser of a Machine or Tapes shall rent or lease such Machine or Tapes to any other person, firm or corporation, nor shall any such purchaser re-record or duplicate by any means the Compositions embodied on the Tapes.

Transmission: The public performance of the Tapes shall only be audible within the premises designated by the purchaser of each Tape or the area immediately adjacent thereto, and there shall be no transmission by television or radio station, community antenna system, wire or pre-recorded tape leased to subscribers.

E. Private Use: Notwithstanding any of the foregoing limitations, it is expressly understood and agreed that there are no restrictions of any kind on the right of a purchaser of a Machine or a Tape to perform the Compositions embodied on such Tape privately within the home of such purchaser.

3. NOTICE TO PURCHASERS - BM agrees to advise the Purchaser of

each Tape of the limitations on mechanical rights and public E1261
performance rights, and to require each such purchaser to ac-
knowledge such limitations in writing. BM also agrees to advise
each purchaser of the expiration date of his public performance
rights and of the fact that it is a violation of the United
States Copyright Law to continue to perform the Compositions
embodied on the Tape purchased by the purchaser publicly for
profit after such expiration date.

Upon the written request of Licensor and at reasonable
times and intervals, BM will make available to Licensor, at BM's
offices in St. Paul, Minnesota, the names and addresses of all
purchasers of Machines and Tapes, the dates of purchase, and
copies of each purchaser's acknowledgement of the limitations on
mechanical rights and public performance rights. Licensor may
copy such information at Licensor's expense, but only (i) for
the purpose of verifying statements rendered to Licensor pur-
suant to Paragraph 5(D) hereof or (ii) for the purpose of gather-
ing evidence in connection with litigation against unauthorized
users of Machines and Tapes. Any information obtained by Licensor
from BM hereunder shall be used only by Licensor and only for the
foregoing purposes.

4. LICENSOR'S WARRANTIES

- A. General: Licensor warrants and represents that the pro-
per exercise by BM of the rights herein granted to BM will not
constitute a violation or infringement of any right, title or
interest, including without limitation copyrights, common law
rights and statutory rights, of any person, firm or corporation.
- B. As to Mechanical Rights: Licensor warrants and repre-
sents that it owns and/or controls the mechanical rights and that

it will continue to do so for at least three (3) years after E1262
delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that 3M elects to commence distribution and sale of Tapes.

C. As to Public Performance Rights: Licensor warrants and represents that it owns and/or controls the public performance rights non-exclusively and that it will continue to do so for at least three (3) years after 3M delivers or causes to be delivered a Tape to any purchaser thereof.

5. ROYALTIES

A. For Mechanical Rights: In consideration of the grant of mechanical rights, 3M agrees to pay to Licensor a royalty equal to Two Cents (2¢) for each Tape manufactured and sold by 3M, multiplied by the number of Compositions embodied in each such Tape. If the compulsory licensing provision of the United States Copyright Law is amended to provide a higher statutory royalty for mechanical rights than is presently contained therein, the aforesaid royalty shall be increased to equal such higher royalty for all Tapes derived from master recordings which are produced subsequent to the date of such amendment.

B. For Public Performance Rights: In consideration of the grant of public performance rights, 3M agrees to pay to Licensor a royalty equal to Three Cents (3¢) for each Tape manufactured and sold by 3M, multiplied by the number of Compositions embodied in each such Tape.

C. Guarantee: 3M guarantees that the total royalties payable to Licensor pursuant to subdivisions (A) and (B) of this Paragraph during the first three years following delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that 3M elects

 Fifteen Thousand Dollars (\$15,000.00). XI
 shall pay such guaranteed minimum royalty to Licensor in three (3)
 equal installments as follows:

On execution hereof - Five Thousand Dollars (\$5,000.00)
 One year thereafter - Five Thousand Dollars (\$5,000.00)
 Two years thereafter - Five Thousand Dollars (\$5,000.00)

XI shall reserve all or any portion of the guaranteed minimum royalty
 hereunder which was previously paid by XI out of the royalties then
 due to Licensor in accountings rendered pursuant to subdivisions
 of this Paragraph. To the extent that the royalties are paid to

Licensor after each receiptment, XI shall receive credit toward sub-
 sequent installments of the guaranteed minimum royalty hereunder.

D. Accountings and Payments: XI agrees to compute and pay the
 royalties referred to in subdivisions (A) and (B) of this Paragraph
 within sixty (60) days after the expiration of each six (6) month
 period beginning on the June 30 or December 31 following delivery to
 Licensor of the written notice referred to in Paragraph 6(A) hereof
 that XI elects to commence distribution and sale of Tapes, and con-
 tinuing for so long as XI continues to manufacture and sell Tapes
 embodying any or all of the Compositions. Together with each pay-
 ment, a statement shall be delivered to Licensor showing in detail
 the number of Tapes manufactured and sold and the titles of the Com-
 positions embodied thereon. Each such statement and payment shall
 be binding upon Licensor unless, within six (6) months after any
 such statement and payment is delivered, XI shall have received
 written notice from Licensor specifying Licensor's objections thereto,
 in which event such statement and payment shall be binding upon
 XI unless specifically objected to.

E. Books and Records: 3M agrees to maintain accurate books and records pertaining to the royalties to be paid to Licensor, which books and records may be inspected by a certified public accountant at 3M's office where such books and records are regularly maintained, during 3M's regular business hours and at Licensor's sole expense.

6. TERM

A. Expiration and Sell-Off: The term of this agreement shall commence upon the execution of this agreement and shall terminate three (3) years after delivery by 3M to Licensor of written notice that 3M elects to commence distribution and sale of Tapes, which written notice shall be delivered to Licensor not later than October 1, 1966. (Said three-year period is hereinafter referred to as the "initial term".) In the event that such written notice is not delivered, 3M's sole liability hereunder shall be for the installments of the guaranteed minimum royalty pursuant to Paragraph 5(C) hereof payable prior to October 1, 1966. In the event that such written notice is duly delivered to Licensor, the term of this agreement shall be automatically extended from year to year after the expiration of the initial term, unless either party shall receive from the other party, not less than one hundred twenty (120) days prior to the expiration of the initial term or of any yearly extension thereof (as the case may be), written notice that it wishes to terminate this agreement, in which event this agreement shall terminate at the end of the initial term or the then existing yearly term.

provided however, that for a period of six (6) months after such termination, BM shall have the exclusive right to continue to distribute and sell its inventory (as of the date of such termination) of tapes and to authorize purchasers thereof publicly to perform the compositions embodied thereon (subject to the limitations herein contained).

B. Rights of Purchasers upon Expiration of Term: Notwithstanding the expiration of the term of this agreement pursuant to sub-division (A) of this Paragraph, it is expressly understood and agreed that each purchaser of a Tape authorized by BM during the term of this agreement publicly to perform the compositions embodied on such Tape (subject to the limitations herein contained) shall have the right publicly to perform the compositions embodied on such Tape (subject to the limitations herein contained) for a period not in excess of three (3) years after BM, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, and Licensor's warranty contained in Paragraph 4(C) hereof shall continue for the benefit of such purchaser for a concurrent period of time.

C. Termination in the Event of Breach by BM: Licensor agrees that BM shall receive written notice specifying any alleged breach by BM of any provision of this agreement and that BM shall have thirty (30) days after receipt of such notice to cure such alleged breach. In the event that such alleged breach cannot be cured within thirty (30) days, Licensor agrees that BM shall have such additional period of time as may be reasonably required to cure such breach, on condition that BM shall take all reasonable steps to cure such breach and/or to prevent

the recurrence of similar breaches. In the event 3M fails to comply with the foregoing condition, Licensor may terminate this agreement and may recover from 3M all sums due to Licensor from 3M prior to such termination.

7. USE OF COMPOSITIONS - This agreement is not intended and shall not be construed to obligate 3M to use any of the Compositions on the Tapes. 3M agrees to notify Licensor, upon the completion of the programming of each Tape, of the titles of the Compositions embodied therein, and to notify Licensor of any subsequent additions or deletions to or from the Compositions embodied therein. Licensor agrees to notify 3M from time to time of any additional Compositions to be added to Schedule A.

8. INDEMNITY BY LICENSOR - Licensor agrees to indemnify and hold 3M harmless against any loss, damage, cost or expense (including reasonable attorneys' fees) incurred by 3M by reason of any claim, action or proceeding instituted by any person, firm or corporation which is inconsistent with any grant by Licensor to 3M or with any of the representations and warranties made by Licensor.

9. ASSIGNMENT - This agreement shall benefit and be binding upon the parties hereto, their successors and assigns, provided, however, that 3M agrees not to assign this agreement except as part of the transfer or sale of its entire Duplicating Products Division or the assignment of this agreement from one division of 3M to another division.

10. AUTOMATIC REASSIGNMENTS - 3M agrees that in the event of

E1268

ASCAP Exhibit No. 196

Contract dated 1/22/65 between 3M and Bourne Co.

E1269

AGREEMENT made this 22nd day of January, 1968, by and between BONNIE BOURNE d/b/a BOURNE CO. of 136 West 52nd Street, New York, New York (hereinafter referred to as "Licensor") and the DUPLICATING PRODUCTS DIVISION OF MINNESOTA MINING AND MANUFACTURING COMPANY, a Delaware Corporation of 2501 Hudson Road, St. Paul 19, Minnesota (hereinafter referred to as "3M").

1. Licensor represents and warrants that it owns and/or controls the right under the United States Copyright Law to authorize the mechanical reproduction and/or use of the musical compositions listed on the schedule attached hereto and identified as "Schedule A" upon parts of instruments (sometimes hereinafter referred to as "background music tapes") serving to produce and reproduce the said copyrighted musical compositions mechanically or electrically (hereinafter collectively and individually referred to as the "compositions"). While the use described in this paragraph is a use on pre-recorded tape only, for purposes of this agreement it shall be deemed and sometimes referred to as a mechanical reproduction.

2. Licensor further represents and warrants that it has the non-exclusive right to authorize the public performance of the compositions for profit or otherwise and that it has the right to make this agreement.

3. Licensor further represents and warrants that it will continue to own or control the rights described in Paragraphs 1 and 2 above for at least five (5) years after the effective date hereof.

4. Licensor hereby grants to 3M, its successors and assigns, a non-exclusive license to use the compositions, in whole or in part and the titles thereof, upon parts of instruments serving to produce and reproduce the compositions mechanically and/or electrically and to manufacture, produce, record, advertise, exploit, distribute and/or sell such parts of instruments, and specifically the license to use the compositions and the titles thereof in the manufacture, production, recording, advertising, exploitation, distribution, sale and/or license of pre-recorded background music tapes, throughout the United States for and during all periods of time sufficient to comply with the provisions of this agreement, all subject to the terms and conditions hereinafter set forth. Notwithstanding anything to the contrary contained herein, no right of public performance is granted pursuant to this Paragraph 4.

5. 3M agrees to pay royalties to Licensor for the rights licensed pursuant to Paragraph 4 above at the rate of Two Cents (2¢) for each part of instrument or background music tape manufactured and sold hereunder, multiplied by the number of such compositions licensed hereunder which are embodied on each such part of an instrument or background music tape manufactured and sold hereunder.

6. (a) Licensor further grants to 3M the non-exclusive right in the United States, its territories and possessions, to publicly perform the compositions for profit or otherwise and to authorize others so to do but only by means of the pre-recorded background music tape licensed hereunder through a machine manufactured by 3M and presently known as the M-700 (and similar machines designed and re-designed for sale by 3M for use in establishments which will perform musical compositions publicly).

BB

(b) It is understood that neither 3M, its distributors nor any purchaser of the parts of instruments covered hereby shall have any right to record and/or perform the compositions in synchronization with any means of visual reproduction, nor any right to broadcast and/or televise the compositions, or to license others to do so and that this license includes no right of public performance except as background music pursuant to the terms of this agreement. No license to perform or use the compositions hereunder through central studios or wired use or in places where admission fees are charged is conveyed hereunder. The license to perform the compositions shall be restricted to the establishment of the purchaser of the background music tape and he shall have no right to convey this license to others by operation of law or otherwise.

(c) It is further agreed that with respect to each part of instrument or background music tape sold by 3M during the term hereof, the right of public performance for profit or otherwise granted by Licensor in (a) above shall be limited to three (3) years beginning on the date 3M's distributor or dealer delivers the background music tape to the user or purchaser.

(d) 3M agrees to indicate to the purchaser of each background music tape manufactured and sold hereunder the extent and/or limitations of the performance license granted hereunder and will require each such purchaser to agree thereto in writing. 3M further agrees to give written notice to the purchasers of the background music tapes of the expiration of their rights hereunder prior to the date thereof. Such notice shall specifically advise the purchaser that it is a violation of the United States Copyright Law to continue to perform the background music tape publicly for profit after the expiration date. Upon the request of Licensor or its duly

E1272

authorized agent, at reasonable times and on reasonable notice, 3M will make available at its offices in St. Paul, Minnesota, a list of the purchasers and their addresses, the dates of purchase of each background music tape containing compositions licensed hereunder and copies of all notices of termination sent pursuant to this paragraph. Licensor may copy such list or make microfilm copies thereof at Licensor's own expense at 3M's office but only to the extent necessary for Licensor to verify 3M's statements and in connection with Licensor's own records and not for delivery to any third party.

7. 3M agrees to pay royalties to Licensor for the rights granted pursuant to Paragraph 6 above at the rate of Three Cents (3¢) for each part of an instrument or background music tape manufactured and sold hereunder, multiplied by the number of such compositions licensed hereunder which are embodied on each such part of instrument.

8. 3M agrees to maintain accurate books and records pertaining to the royalties agreed to be paid Licensor hereunder, which books and records may be inspected, audited and copied by Licensor at 3M's office where such books and records are regularly maintained, during 3M's regular business hours, by a certified public accountant, and at Licensor's sole expense.

9. Licensor warrants and represents that it will notify 3M at least five (5) years in advance of the expiration of its rights to grant the within license with respect to any individual musical composition contained on Schedule "A". Licensor shall also from time to time notify 3M of additions to Schedule "A".

10. 3M agrees that during the term hereof it will use a minimum of One Hundred (100) of Licensor's compositions on each of its initial issue of background music tapes of approximately 700 selections and that it will not manufacture any differently programmed tapes as its basic libraries for at least one (1) year after the effective date hereof. In the event 3M does not include the above minimum on subsequently issued and differently programmed background music tapes, Licensor shall have the right to terminate this agreement upon sixty (60) days written notice to 3M, provided, however, that conditioned upon 3M's fulfillment of its obligation to account and pay royalties hereunder and compliance with its other obligations hereunder, 3M shall continue to have the right to manufacture and sell its initial background music tapes pursuant to the terms hereof for a period of ten (10) years after the effective date hereof, except with respect to individual compositions on which notice is given to 3M pursuant to Paragraph 9.

11. 3M agrees to compute said royalties and to pay said royalties to Licensor within sixty (60) days after the expiration of each six (6) month period beginning on the effective date hereof and continuing for so long as 3M continues to include the compositions on background music tapes manufactured hereunder. Together with each payment, a statement shall be delivered to Licensor showing in detail the titles of the compositions used and the number of parts of instruments or background music tapes manufactured and sold of each composition.

E1274

12. 3M guarantees to Licensor that during each year of the term hereof the royalties earned by Licensor hereunder shall be no less than Thirty Thousand Dollars (\$30,000.00). To the extent that the royalties earned by and advanced to Licensor hereunder shall be less than the said guaranteed amount, 3M shall make payment to Licensor upon the delivery of the second royalty statement rendered during each contract year hereunder.

13. The term of this agreement shall be one (1) year beginning upon the delivery to Licensor by 3M of notice of the commencement of the term, which notice shall be accompanied by payment to Licensor of Fifteen Thousand Dollars (\$15,000.00) as an advance against royalties. 3M agrees that such notice may not be given later than August 1, 1965. 3M shall be required, if within three (3) years after the date hereof it goes into the background music business as contemplated by this agreement, to give notice to Licensor of the commencement of the term hereof, provided, however, that 3M shall not be required to give such notice if a reasonably satisfactory library cannot be assembled as a result of 3M's entering into similar agreements with other music publishers. This agreement shall be extended from year to year in absence of written notice from either party to the other given not later than sixty (60) days prior to the end of the term or any subsequent contract year hereof upon all of the terms and conditions contained herein except that if the compulsory license provision of the Copyright Law of the United States shall be amended to provide for a higher statutory royalty, Paragraph 5 of this agreement shall be deemed amended to include such higher royalty effective on the date the amendment of the Copyright Law is effective for all master recordings produced subsequent thereto.

14. 3M shall notify Licensor on completion of each pre-recorded background music tape programmed hereunder of the titles of Licensor's compositions used therein and of any subsequent additions or deletions.

15. This agreement is not intended and shall not be construed to obligate 3M to use any specific compositions hereunder except as described above or to supersede or in any way to affect any prior license between the parties hereto with respect to the compositions.

16. Licensor agrees to indemnify and hold 3M harmless against any loss, damage, cost or expense (including reasonable attorney's fees) incurred by 3M by reason of any claim asserted by any person, firm or concern which is inconsistent with the agreements, representations and warranties expressly made by Licensor.

17. It is agreed that 3M in exercising the rights herein granted to it, may edit, adapt, arrange and modify the compositions in any reasonable way in order to make them suitable for the background music use contemplated hereunder.

18. 3M agrees that in the event 3M agrees to pay a higher rate of royalty, or a higher guarantee in proportion to the rate and to the minimum number of compositions, to any person, firm or corporation than is payable hereunder for the use of compositions similar in duration and type to those licensed hereunder, and/or gives to any such person, firm or corporation more favorable other terms and/or conditions affecting rate of royalty or guarantee, this

agreement will be deemed amended to incorporate such higher rate, guarantee, terms and/or conditions.

19. In addition to all other rights and remedies in law or in equity, in the event that 3M shall breach any of the terms or conditions of this agreement and shall fail to cure such breach within thirty (30) days after the sending by Licensor to 3M, by correctly addressed registered mail, of a written notice thereof, Licensor may cancel this agreement forthwith, and upon such cancellation all rights herein granted to 3M shall terminate and 3M shall have no further right to enjoy any of the rights herein granted with respect to any of the works of Licensor, saving to Licensor, however, the right to recover from 3M all sums which shall then be due or which may thereafter accrue to Licensor and the right to recover damages for the breach, if any, of this agreement. Waiver by Licensor of full performance of this agreement by 3M in any one or more instances shall not be deemed a waiver of the right of Licensor to require full and complete performance of this agreement thereafter.

20. This agreement shall not be assigned by 3M either voluntarily or by operation of law except as part of the sale or transfer of its entire Duplicating Products Division or from one Division of Minnesota Mining and Manufacturing Company to another. This agreement shall benefit and be binding upon the parties hereto, their representatives and assigns as hereinbefore limited. Any assignment or transfer of any of the compositions or the copyrights therein shall be subject to the terms hereof.

21. 3M shall not be required to serve or file any notice required to be served or filed by any copyright act or law, provided that Licensor has the right to waive the serving or filing of such notice.

22. Licensor represents and warrants that the proper exercise by 3M of the rights herein granted to it will not constitute a violation or infringement of any right, title or interest, including, without limitation, all copyrights, common-law rights and statutory rights of any other person, firm or corporation.

23. Anything to the contrary notwithstanding, Licensor's liability hereunder shall be limited to the amount of consideration received by Licensor under this agreement.

IN WITNESS WHEREOF, the parties have affixed their signatures to this contract the date first above written.

AGREEMENT made this 1 day of October, 1965, by
and between BRANDON MUSIC COMPANY of 1323 South Michigan
Avenue, Chicago 5, Illinois (hereinafter jointly and
severally referred to as "Licensor") and the DULUTHIAN RECORDING
DIVISION OF MINNESOTA MINING AND MANUFACTURING COMPANY, a Delaware
corporation, of 2501 Hudson Road, St. Paul 19, Minnesota (hereinafter
referred to as "BM").

1. GRANT TO BM BY LICENSOR

A. Mechanical Rights: Licensor hereby grants to BM the
non-exclusive right throughout the United States, its territories
and possessions, (hereinafter referred to as the "Territory") to
arrange, reproduce, record and/or use the musical compositions
and arrangements listed on Schedule A annexed hereto
(hereinafter individually and jointly referred to as the "Compo-
sitions") in whole or in part, as well as the titles thereof, upon
parts of instruments serving to produce and reproduce the composi-
tions mechanically and/or electrically, and the right to manufac-
ture, advertise, exploit, distribute and/or sell such parts of
instruments throughout the Territory. (The aforesaid rights are
hereinafter referred to as "mechanical right".) For purposes of
this agreement, "parts of instruments" shall be limited to pre-
recorded tapes intended for sale and use only for the purpose of
providing background music (hereinafter referred to as the "Tapes")
and the master recordings from which the Tapes are derived. BM
shall not be required to serve or file any notice required to be
served or filed by any copyright act or other law in connection
with its exercise of the mechanical rights granted hereunder.

B. Public Performance Rights: Licensor hereby grants to 3M the non-exclusive rights throughout the Territory to perform publicly for profit and to authorize purchasers of the Tapes to perform publicly for profit the Compositions embodied on the Tapes by means of a machine presently known as the M-700 or similar machines designed and/or redesigned by 3M (hereinafter referred to as the "Machine"). (The aforesaid rights are hereinafter referred to as "public performance rights".)

2. LIMITATIONS ON MECHANICAL RIGHTS AND PUBLIC PERFORMANCE RIGHTS

A. Duration: 3M agrees not to authorize any purchaser of a Tape to perform the Compositions embodied on such Tape publicly for profit for a period in excess of three (3) years after 3M, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, subject to the further limitations herein contained.

B. Locations: The public performance of the Tapes shall be only by means of a Machine installed at the premises of each purchaser of a Tape, which premises shall be designated in writing by each purchaser. In no event shall such premises include or extend to:

- (i) any premises at which the Tapes are performed as an accompaniment to dancing, skating or other physical activity, or
- (ii) any premises to which an admission fee is charged, provided, however, that this exclusion shall apply only to the portion or portions of such premises from which the event or entertainment for which an admission fee

is charged is intended to be observed or heard and shall not be deemed to exclude any restaurant, store, or other portion of such premises for which no admission fee is charged, or

(iii) any premises in a shopping center or other complex of separate places of entertainment, residence, business or industry other than the individual premises designated in writing at the time of purchase by each purchaser, or

(iv) any premises at which the public performance of the Tapes is preceded, accompanied or followed by advertising or commercial announcements for which consideration of any kind is received by the purchaser.

C. Re-use: No purchaser of a Machine or Tapes shall rent or lease such Machine or Tapes to any other person, firm or corporation, nor shall any such purchaser re-record or duplicate by any means the Compositions embodied on the Tapes.

D. Transmission: The public performance of the Tapes shall only be audible within the premises designated by the purchaser of each Tape or the area immediately adjacent thereto, and there shall be no transmission by television or radio station, community antenna system, wire or pre-recorded tape leased to subscribers.

E. Private Use: Notwithstanding any of the foregoing limitations, it is expressly understood and agreed that there are no restrictions of any kind on the right of a purchaser of a Machine or a Tape to perform the Compositions embodied on such Tape privately within the home of such purchaser.

3. NOTICE TO PURCHASERS - JM agrees to advise the Purchaser of

each Tape of the limitations on mechanical rights and public performance rights, and to require each such purchaser to acknowledge such limitations in writing. BM also agrees to advise each purchaser of the expiration date of his public performance rights and of the fact that it is a violation of the United States Copyright Law to continue to perform the Compositions embodied on the Tape purchased by the purchaser publicly for profit after such expiration date.

Upon the written request of Licensor and at reasonable times and intervals, BM will make available to Licensor, at BM's offices in St. Paul, Minnesota, the names and addresses of all purchasers of Machines and Tapes, the dates of purchase, and copies of each purchaser's acknowledgement of the limitations on mechanical rights and public performance rights. Licensor may copy such information at Licensor's expense, but only (i) for the purpose of verifying statements rendered to Licensor pursuant to Paragraph 5(D) hereof or (ii) for the purpose of gathering evidence in connection with litigation against unauthorized users of Machines and Tapes. Any information obtained by Licensor from BM hereunder shall be used only by Licensor and only for the foregoing purposes.

4. LICENSOR'S WARRANTIES

A. General: Licensor warrants and represents that the proper exercise by BM of the rights herein granted to BM will not constitute a violation or infringement of any right, title or interest, including without limitation copyright, common law rights and statutory rights, of any person, firm or corporation.

B. As to Mechanical Rights: Licensor warrants and represents that it owns and/or controls the mechanical rights and that

it will continue to do so for at least three (3) years after delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that 3M elects to commence distribution and sale of Tapes. E1283

C. As to Public Performance Rights: Licensor warrants and represents that it owns and/or controls the public performance rights non-exclusively and that it will continue to do so for at least three (3) years after 3M delivers or causes to be delivered a Tape to any purchaser thereof.

5. ROYALTIES

A. For Mechanical Rights: In consideration of the grant of mechanical rights, 3M agrees to pay to Licensor a royalty equal to Two Cents (2¢) for each Tape manufactured and sold by 3M, multiplied by the number of Compositions embodied in each such Tape. If the compulsory licensing provision of the United States Copyright Law is amended to provide a higher statutory royalty for mechanical rights than is presently contained therein, the aforesaid royalty shall be increased to equal such higher royalty for all Tapes derived from master recordings which are produced subsequent to the date of such amendment.

B. For Public Performance Rights: In consideration of the grant of public performance rights, 3M agrees to pay to Licensor a royalty equal to Three Cents (3¢) for each Tape manufactured and sold by 3M, multiplied by the number of Compositions embodied in each such Tape.

C. Guarantee: 3M guarantees that the total royalties payable to Licensor pursuant to subdivisions (A) and (B) of this Paragraph during the first three years following delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that 3M elects

to commence distribution and sale of Tapes shall be not less than Five Thousand Eight Hundred Eighty Dollars (\$5,880.00). BM shall pay such guaranteed minimum royalty to Licensor in three (3) equal installments as follows:

On execution hereof - One Thousand Nine Hundred Sixty (\$1,960.00)
 One year thereafter - One Thousand Nine Hundred Sixty (\$1,960.00)

BM shall recoup all or any portion of the guaranteed minimum royalty hereunder which was previously paid by BM out of the royalties shown to be due to Licensor in accountings rendered pursuant to subdivision (D) of this Paragraph. To the extent that the royalties are paid to Licensor after such recoupment, BM shall receive credit toward subsequent installments of the guaranteed minimum royalty hereunder.

D. Accounting and Payments: BM agrees to compute and pay the royalties referred to in subdivisions (A) and (B) of this Paragraph within sixty (60) days after the expiration of each six (6) month period beginning on the June 30 or December 31 following delivery to Licensor of the written notice referred to in Paragraph 6(A) hereof that BM elects to commence distribution and sale of Tapes, and continuing for so long as BM continues to manufacture and sell Tapes embodying any or all of the Compositions. Together with each payment, a statement shall be delivered to Licensor showing in detail the number of Tapes manufactured and sold and the titles of the Compositions embodied thereon. Each such statement and payment shall be binding upon Licensor unless, within six (6) months after any given statement and payment is delivered, BM shall have received written notice from Licensor specifying Licensor's objections thereto, in which event such statement and payment shall be binding as to all matters not specifically objected to.

B. Books and Records: BM agrees to maintain accurate books and records pertaining to the royalties to be paid to Licensor, which books and records may be inspected by a certified public accountant at BM's office where such books and records are regularly maintained, during BM's regular business hours and at Licensor's sole expense.

6. TERM

A. Expiration and Sell-Off: The term of this agreement shall commence upon the execution of this agreement and shall terminate three (3) years after delivery by BM to Licensor of written notice that BM elects to commence distribution and sale of Tapes, which written notice shall be delivered to Licensor not later than October 1, 1966. (Said three-year period is hereinafter referred to as the "initial term".) In the event that such written notice is not delivered, BM's sole liability hereunder shall be for the installments of the guaranteed minimum royalty pursuant to Paragraph 5(C) hereof payable prior to October 1, 1966. In the event that such written notice is duly delivered to Licensor, the term of this agreement shall be automatically extended from year to year after the expiration of the initial term, unless either party shall receive from the other party, not less than one hundred twenty (120) days prior to the expiration of the initial term or of any yearly extension thereof (as the case may be), written notice that it wishes to terminate this agreement, in which event this agreement shall terminate at the end of the initial term or the then existing yearly extension.

provided, however, that for a period of six (6) months after termination, BM shall have the exclusive right to continue to distribute and sell its inventory (as of the date of termination) of tapes and to authorize persons in that area to perform the compositions embodied therein (subject to the limitations herein contained).

B. Rights of Purchaser upon Expiration of Term: Notwithstanding the expiration of the term of this agreement pursuant to sub-division (A) of this Paragraph, it is expressly understood and agreed that each purchaser of a Tape authorized by BM during the term of this agreement publicly to perform the Compositions embodied on such Tape (subject to the limitations herein contained) shall have the right publicly to perform the Compositions embodied on such Tape (subject to the limitations herein contained) for a period not in excess of three (3) years after BM, its distributors, sub-distributors or dealers deliver such Tape to such purchaser, and Licensor's warranty contained in Paragraph 4(C) hereof shall continue for the benefit of such purchaser for a concurrent period of time.

C. Termination in the Event of Breach by BM: Licensor agrees that BM shall receive written notice specifying any alleged breach by BM of any provision of this agreement and that BM shall have thirty (30) days after receipt of such notice to cure such alleged breach. In the event that such alleged breach cannot be cured within thirty (30) days, Licensor agrees that BM shall have such additional period of time as may reasonably be required to cure such breach, on condition that BM diligently take all reasonable steps to cure such breach and/or to prevent

the recurrence of similar breaches. In the event 3M fails to comply with the foregoing condition, Licensor may terminate this agreement and may recover from 3M all sums due to Licensor from 3M prior to such termination.

7. USE OF COMPOSITIONS - This agreement is not intended and shall not be construed to obligate 3M to use any of the Compositions on the Tapes. 3M agrees to notify Licensor, upon the completion of the programming of each Tape, of the titles of the Compositions embodied therein, and to notify Licensor of any subsequent additions or deletions to or from the Compositions embodied therein. Licensor agrees to notify 3M from time to time of any additional Compositions to be added to Schedule A.

8. INDEMNITY BY LICENSOR - Licensor agrees to indemnify and hold 3M harmless against any loss, damage, cost or expense (including reasonable attorneys' fees) incurred by 3M by reason of any claim, action or proceeding instituted by any person, firm or corporation which is inconsistent with any grant by Licensor to 3M or with any of the representations and warranties made by Licensor.

9. ASSIGNMENT - This agreement shall benefit and be binding upon the parties hereto, their successors and assigns, provided, however, that 3M agrees not to assign this agreement except as part of the transfer or sale of its entire Duplicating Products Division or the assignment of this agreement from one division of 3M to another division.

10. SUBSISTING OBLIGATIONS - 3M agrees that in the event that

BM agrees to pay a higher rate of mechanical or public performance royalty to any person, firm or corporation than is paid pursuant to subdivisions (A) and (B) of Item 10, if there is the use of compositions similar in character and type to the compositions, and/or given to any person, firm or corporation more favorable terms or conditions than such royalties, this agreement shall be deemed amended to interpret such higher rate and/or more favorable terms or conditions.

IN WITNESS WHEREOF, the parties have caused this agreement to be executed by their duly authorized representatives the day and year first above written.
